

Airline Strike Hearing Is Slated by Senators

WASHINGTON (AP)—A Senate hearing on legislation to halt the 19-day airline strike was postponed today for 24 hours.

The Senate Labor Committee agreed to the delay sought by Secretary of Labor W. Willard Wirtz.

One senator said he thought the request originated at the White House.

Sen. Joseph S. Clark, D-Pa.,

said Wirtz relayed to the committee a request for postponement to give the administration more time to prepare its case. The committee agreed to the one-day delay, until 1:30 p.m. Wednesday, little more than an hour before it was to have taken testimony on the impact of the walkout which had grounded five major airlines.

Delay had been indicated earlier by Sen. Wayne Morse, D-

Ore., an advocate of fast action.

The hearing had been set to take administration testimony on the impact of the strike. That would pave the way for a decision on whether the strike constitutes an emergency warranting congressional intervention.

In advance of the indication of delay, Senate Democratic Leader Mike Mansfield said he believes the stoppage has created a national emergency requiring congressional intervention.

Morse was asked whether he agreed.

He said the answer is yes. And he added he fully expects an emergency declaration and strike-ending action.

"I am sure that the country will demand it," he said. His measure would have Congress declare that "emergency measures are essential" to end the strike in the interests of national health, safety and defense.

With negotiations stalemated and suspended, Morse said legislation now is the only way to get the airlines flying again.

The talks were in recess, subject to 30-minute recall to consider proposed legislation or any other avenue to a settlement.

Senate Republican Leader Everett M. Dirksen has proposed.

Britain To Run Steel Industry

LONDON (AP) — The House of Commons voted approval Monday night of the Labor government's bill to nationalize Britain's steel industry as the Conservatives mounted an attack on Prime Minister Harold Wilson's handling of the national economy.

The measure, approved by a vote of 328-247 on its second reading, would nationalize the 14 big companies which supply 90 per cent of the nation's steel.

Final passage is expected late this year, although the Conservatives may try to delay it by pressing for a procedure that would permit each company involved to present testimony against the bill.

Anthony Barber, Conservative

spokesman on steel, repeated

the opposition argument that

the bill is irrelevant to Britain's

economic problems. Barber said the Conservatives would return steel to private ownership if they regain power. But he added a new qualification, saying they would drop state ownership "to whatever extent is necessary and practicable."

Barber declared that Britain's steel industry needs more competition, not less. Power Minister Richard Marsh countered that steel exports and productivity have been on the decline while imports of raw materials have been going up. The only way to reverse this trend, he asserted, is for the government to take over and reorganize the industry.

Commons begins a two-day debate today on Britain's economic crisis based on a Conservative motion expressing no confidence in the government's ability. There was no likelihood that the Labor party's disgruntled left wing would desert the government to vote with the Conservatives and put Wilson out of office.

More important to the future of Labor's austerity measures was the attitude of the Trades Union Congress toward the six-month wage freeze announced last week as part of the package to protect the pound by raising taxes and cutting government spending.

Union cooperation helped make the wage freeze of the 1940s effective and is equally vital to this one. The government plans to put teeth into it by legislating a six-month standstill period for all prospective wage increases referred to the Prices and Incomes Board by official order. This could take in most major unions.

Wide Search Launched for Lost General

SAN FRANCISCO (AP) — The Pacific Ocean air-sea search for a missing C47 aircraft with Brig. Gen. Joseph W. Stilwell Jr. aboard has expanded to cover an area of 105,000 square miles.

Stilwell, 54, commander of the U.S. Army's Green Beret troop training center, was copilot of the plane, en route to Thailand for use by that country's air force. The plane was last heard from early Sunday, about 500 miles out in the Pacific.

Stilwell intended to fly as far as Hawaii from San Francisco to increase his instrument rating as a pilot.

The plane's pilot was Hal Grimes, 45, a personal friend of the general and president of Air Ferry International of Pacific Palisades, Calif.

Grimes radioed Sunday that one engine had failed and the plane was returning to San Francisco. A Coast Guard plane sent to accompany the crippled aircraft arrived two hours later but found no trace of the plane.

Two Coast Guard cutters, 20 land-based planes, three destroyers and the aircraft carrier Yorktown participated in the search Monday. A 70,000-square-mile area was checked visually and with radar.

Midwest Buffeted By Winds, Rain

By THE ASSOCIATED PRESS

A state of locally heavy rain storms accompanied by powerful winds thundered across the Midwest early today.

Winds of up to 80 m.p.h. were clocked at Grand Forks during a storm in the North Dakota-Minnesota border city Monday night. Nearly 1½ inches of rain fell during the storm.

Severe thunderstorm warnings continued in effect over portions of the Dakotas and Minnesota.

Heavy rains, amid rolling thunder, fell over northeast Kansas Monday night. One inch of rain fell in 1½ hours at Bancroft, Kan., and in a 12-hour period ending at 8 p.m., Chapman, Kan., recorded 3½ inches of rain.

BACK TO WORK MOVE — Sen. Wayne Morse (right) and Senate Majority Leader Mike Mansfield look over a Washington newspaper story about the airline strike. Morse later introduced a bill that would order striking machinists back for 180 days while contract talks continued.

Amelia Earhart Died As U.S. Spy, Story Says

NAPA, Calif. (AP) — Amelia Earhart, the aviatrix whose mysterious disappearance in the South Pacific gained her a place in American folk history, died as a U.S. spy on a Japanese-held island, according to a copy-right newspaper story.

The Napa Register said Monday that the pioneer woman flier was captured by the Japanese on Saipan in 1937 while she completed an intelligence mission to inspect and photograph fortifications on Pacific islands.

Her body and that of navigator Frederick Noonan were secretly returned to the United States in 1944, according to the report. The newspaper said Miss Earhart died of dysentery and Noonan was beheaded.

A State Department spokesman in Washington said its files showed no evidence Miss Earhart was on an intelligence mission or that she was captured by the Japanese.

The official version of Miss Earhart's disappearance is that her plane apparently went down someplace between Lae, New Guinea, and Howland Island, on the first leg of a flight to Honolulu and Oakland, Calif.

The Register said it based its conclusion that Miss Earhart was on an espionage mission upon scrutiny of "classified files in the Department of the Navy and the Department of State."

The report cited "scores of natives" on the island who told newsman Frederick Goerner of radio station KCBS in San Francisco of a white man and woman being held captive by the Japanese. Goerner launched the investigation in 1960 and was

joined by the Register three years ago.

One woman was quoted as saying: "The woman the Japanese called the flier died of dysentery. She could not be helped. The man who came to the island with her was executed several days after her death. The Japanese beheaded him with a Samurai sword."

According to the Register, two former U.S. Marines, Everett Henson Jr. of Sacramento, Calif., and Billy Burks, now living in Texas, found the remains of two bodies on the island in 1944.

When they asked a supervising officer "what are we looking for," the newspaper said, he replied, "Have you ever heard of Amelia Earhart?"

Bids Opened On Junkyard Screening Jobs

COLUMBUS, Ohio (AP) — Ohio took the first step Tuesday in a planned beautification of highways by opening bids on the first junkyard screening projects.

The bids were among more than \$25.8 million worth of projects figuring in Tuesday's opening.

Masheter said the screening projects include planting trees and other shrubbery on 0.2 mile of U. S. 35 in Gallipolis Township, Gallia County; 0.8 mile of Ohio 7 in Warren Township, Washington County, and 0.3 mile of U. S. 224 between Ohio 8 and Ohio 532 in Summit County.

Apparently low bidder for the Gallia-Washington County projects was R. C. Follrod of Pomeroy, \$21,896. The state estimate was \$31,500. The apparent low bidder for the Summit County project was Paul E. Bleile of Norwalk, \$16,641. The state estimate was \$39,000.

Bids on major projects today included:

FAYETTE — Construction of bridge on U. S. 22 over Rattlesnake Creek in Jasper and Concord townships; apparent low bid W. M. Brods Co., Newcomerstown, \$230,093; state estimate \$213,000.

HOCKING—5.3 miles of U. S. 3 in Good Hope and Falls townships including two bridges; apparent low bid Allied Enterprises and Engle Construction Co., McArthur, \$390,981; state estimate \$3,530,300.

VAN WERT—2.2 miles of U. S. 224 including two bridges in Pleasant Township; apparent low bid Vernon Nagel, Napoleon, \$865,525; state estimate \$923,900.

Freeman told a news conference the indicated increase reflects a generally higher level of arm products prices taken by his department to bolster producer prices for some commodities, particularly milk and soybeans.

In reply to questions regarding earlier administration actions to halt increases in farm and food prices, Freeman said he felt that rural discontent is subsiding rapidly.

Freeman spent the last week-end in the Midwest telling farmers the administration had their interests at heart.

"The actions taken by the administration to improve farm income are getting across to farmers and I think they will have this very much in mind when they vote in Congressional elections this fall," Freeman said.

Methodists Study Cause of Rioting

COLUMBUS, Ohio (AP)—Bishop F. Gerald Enslay of the Ohio West Area of the Methodist Church sent letters to 800 ministers in the area today urging them to "use their influence to curb mob violence and work toward eliminating causes behind it."

The ministers receiving the letters represent 350,000 church members.

In this letter, the bishop said: "We are all distressed by the mob violence in the city streets of America. Much of it is racial in origin. Nearly all of it is in situations where Negroes have been fenced in by discriminatory practices in the sale and rental of housing."

U.S. Disavows Invasion Move

House Continues Rights Debate

WASHINGTON (AP) — The House plunges into a second day of discussion on the civil rights bill today with Southern Democrats vowing to do all in their power to delay a final vote.

The opponents' quickly unfurled their delaying tactics Monday when the House opened consideration of the compromise legislation. House leaders said they hoped to reach a final vote by the end of the week, but they weren't optimistic. Numerous amendments are pending.

The bill reached the House floor via a new rule which limits to 21 days the time the House Rules Committee can delay legislation approved by other committees. The motion to bypass the Rules Committee carried by a 200-180 vote, with 180 Democrats and 20 Republicans supporting it and 75 Democrats and 105 Republicans against it.

That was sufficient indication that more trouble lay ahead, since some members who voted for consideration may vote against the bill if it isn't changed to their liking.

The most controversial provision is aimed at prohibiting discrimination in the sale or rental of housing. It is directed primarily at real estate agents and builders and wouldn't affect homeowners who have fewer than two real estate transactions in one year.

The bill deals also with state and federal jury selection, and it prohibits interference with Negroes trying to vote, go to school, use public transportation or take part in legal demonstrations.

Opponents started dilatory tactics by demanding time-consuming roll calls to keep the necessary 100 members in the chamber. The roll calls are automatic when attendance drops below 100 and a member objects.

Rep. John Bell Williams, D-

Miss., opened the fight by trying to deal the bill a sudden-death blow. Williams, who was disciplined by House Democrats last year for supporting Republican Barry Goldwater for president, claimed the House Judiciary Committee report on the bill violated a rule that requires details of proposed changes in existing laws.

Speaker John W. McCormack held that there was substantial compliance with the rule and Williams dropped that argument.

8 Indictments For Murder Are Returned

CHICAGO (AP) — Eight indictments charging murder were returned by the Cook County (Chicago) grand jury today against Richard Speck, 24, held in the mass killing of eight nurses.

The indictments, voted after hearing police and medical witnesses Monday, were presented to Judge Edward F. Healy who is acting chief justice of the criminal division of Circuit Court.

John Stamos, assistant state's attorney who accompanied the 23 grand jurors on the 25-yard walk from the jury room to the courtroom, told newsmen there were eight indictments and each charged murder.

State's Atty. Daniel P. Ward said Monday: "I have presented the case to the grand jury and I cannot say what the grand jury is going to do."

Ward said he would seek a murder indictment against Speck for each slaying. Speck is presently charged with murdering Gloria Jean Davy, 22, of Dyer, Ind., who police believe was the first nurse slain in the methodical July 14 massacre.

A murder indictment on each slaying would permit the state to try Speck eight times, if necessary, to get a conviction.

Ward added that he expected a grand jury decision today "through some court."

Miss Corazon Amurao, 23, a Filipino exchange student who escaped death by hiding under a bed, was reported by two physicians to be suffering from extreme exhaustion and did not appear before the grand jury.

"Due to legal ethical reasons," Ward told newsmen, "I cannot comment on the South Chicago Community Hospital statement that the nurse is suffering from extreme exhaustion and for that reason could not testify before the grand jury."

Miss Josephine Chan, director of nursing at the hospital where Miss Amurao is confined and where the victims trained, was the jury's first witness.

Two pathologists from the coroner's office, Dr. Eugene

Jamestown Man Tied to Beatings

XENIA, Ohio (AP)—Greene County authorities were seeking James Daley, 24, of rural Jamestown Monday in the beating of his parents-in-law.

Deputies said the father-in-law, Claude Cox, 64, told them Daley appeared at Cox's home near Jamestown, told him he had a score to settle, then hit Cox in the face, breaking his jaw and giving him a concussion.

Mrs. Cox, 47, suffered a broken jaw. Both are hospitalized in satisfactory condition.

Charges of assault and battery and assault with intent to kill were filed against Daley.

Viet Premier's Call Shunned

Cong Stepping Up Harassing Stabs

WASHINGTON (AP) — The United States disassociated itself today from a call by South Viet Nam's premier for a military confrontation now with Communist China.

A State Department spokesman declared: "Our position of not seeking any wider war has been repeatedly made clear and remains our position."

Premier Nguyen Cao Ky had proposed in an interview that it is better to face the Red Chinese "right now than in 5 or 10 years." He also suggested an allied invasion of North Viet Nam to smash the source of Communist aggression against South Viet Nam.

Ky's remarks brought a storm of objection in the Senate today. Senate Majority Leader Mike Mansfield called on the Johnson administration to disassociate itself from the Ky declarations.

The administration decided, it was learned to deal as softly as possible with what was clearly a sharp division between the policy line projected by the South Vietnamese leader and the policies being followed by President Johnson.

State Department press officer Robert J. McCloskey told a news conference in response to questions that he did not want to comment directly on Ky's statement, but then added: "I would say our position of not seeking any wider war has been repeatedly made clear and remains our position. We do not threaten any regime."

The denial of a threat to any regime appeared to be a repudiation of Ky's call for invasion of North Viet Nam. Johnson and other administration officials have said repeatedly the United States does not aim at the destruction of North Viet Nam.

Meanwhile, the Vietnamese Reds appeared to be stepping up harassment attacks in the Saigon area.

The Viet Cong units unleashed a 90-minute attack with mortars and recoilless rifles tonight on the command post of the U.S. 25th Infantry (Tropical Lightning) Division at Chu Lai, 18 miles northwest of Saigon.

The enemy weapons finally fell silent under the counter-fire of American artillery and fiery napalm loosed by four U.S. Air Force F100 Super Sabres on the suspected gun sites. A U.S. spokesman said American casualties were very light. He had no immediate word on Viet Cong losses.

Elsewhere in the South, fighting slackened during the day, but U.S. airmen flew over typhoon winds and through monsoon rains to pound Communist targets north and south of the border.

The mortar shells started falling on the 25th Division base at Cu Chi shortly after sunset. There was no report of any casualties. First reports indicated that it was not a major attack but followed the pattern of other Viet Cong harassments on the doorsteps of Saigon in the past few days.

The guerrillas struck nine times in the Saigon area Monday, shelling and machine-gunning government militia posts and a refugee relocation center.

More than 400 miles north of Saigon, U.S. Marines pursued the hunt for the battered survivors of the first full North Vietnamese division sent south, but made no contact with the slippery foe. Backtracking across the nearby 17th Parallel border or westward toward Laos, the Communists left behind 736 dead, the Marines reported.

The battle debris and scarred terrain indicated the enemy toll may be far higher, officers said. With most of the Hanoi regulars of Division 324B apparently

HOPKINSVILLE, Ky. (AP) — A thief decided to do something about the hot weather. He took the air-conditioning from Kermit Greg's automobile while the car was parked downtown.

Airline Strike Hearing Is Slated by Senators

WASHINGTON (AP)—A Senate hearing on legislation to halt the 19-day airline strike was postponed today for 24 hours.

The Senate Labor Committee agreed to the delay sought by Secretary of Labor W. Willard Wirtz.

One senator said he thought the request originated at the White House.

Sen. Joseph S. Clark, D-Pa.,

said Wirtz relayed to the committee a request for postponement to give the administration more time to prepare its case. The committee agreed to the one-day delay, until 1:30 p.m. Wednesday, little more than an hour before it was to have taken testimony on the impact of the walkout which had grounded five major airlines.

Delay had been indicated earlier by Sen. Wayne Morse, D-

Ore., an advocate of fast action.

The hearing had been set to take administration testimony on the impact of the strike. That would pave the way for a decision on whether the strike constitutes an emergency warranting congressional intervention.

In advance of the indication of delay, Senate Democratic Leader Mike Mansfield said he believes the stoppage has created a national emergency requiring congressional intervention.

Morse was asked whether he agreed.

He said the answer is yes. And he added he fully expects an emergency declaration and strike-ending action.

"I am sure that the country will demand it," he said. His measure would have Congress declare that "emergency measures are essential" to end the strike in the interests of national health, safety and defense.

With negotiations stalemated and suspended, Morse said legislation now is the only way to get the airlines flying again.

The talks were in recess, subject to 30-minute recall to consider proposed legislation or any other avenue to a settlement.

Senate Republican Leader Everett M. Dirksen has proposed (Continued on Page 2)

BACK TO WORK MOVE — Sen. Wayne Morse (right) and Senate Majority Leader Mike Mansfield look over a Washington newspaper story about the airline strike. Morse later introduced a bill that would order striking machinists back for 180 days while contract talks continued.

Britain To Run Steel Industry

LONDON (AP) — The House of Commons voted approval Monday night of the Labor government's bill to nationalize Britain's steel industry as the Conservatives mounted an attack on Prime Minister Harold Wilson's handling of the national economy.

The measure, approved by a vote of 328-247 on its second reading, would nationalize the 14 big companies which supply 90 per cent of the nation's steel.

Final passage is expected late this year, although the Conservatives may try to delay it by pressing for a procedure that would permit each company involved to present testimony against the bill.

Anthony Barber, Conservative spokesman on steel, repeated the opposition argument that the bill is irrelevant to Britain's

economic problems. Barber said the Conservatives would return steel to private ownership if they regain power. But he added a new qualification, saying they would drop state ownership "to whatever extent is necessary and practicable."

Barber declared that Britain's steel industry needs more competition, not less. Power Minister Richard Marsh countered that steel exports and productivity have been on the decline while imports of raw materials have been going up. The only way to reverse this trend, he asserted, is for the government to take over and reorganize the industry.

Commons begins a two-day debate today on Britain's economic crisis based on a Conservative motion expressing no confidence in the government's ability. There was no likelihood that the Labor party's disgruntled left wing would desert the government to vote with the Conservatives and put Wilson out of office.

More important to the future of Labor's austerity measures was the attitude of the Trades Union Congress toward the six-month wage freeze announced last week as part of the package to protect the pound by raising taxes and cutting government spending.

Union cooperation helped make the wage freeze of the 1940s effective and is equally vital to this one. The government plans to put teeth into it by legislating a six-month standstill period for all prospective wage increases referred to the Prices and Incomes Board by official order. This could take in most major unions.

Wide Search Launched for Lost General

SAN FRANCISCO (AP) — The Pacific Ocean air-sea search for a missing C47 aircraft with Brig. Gen. Joseph W. Stilwell Jr. aboard has expanded to cover an area of 105,000 square miles.

Stilwell, 54, commander of the U.S. Army's Green Beret troop training center, was copilot of the plane, en route to Thailand for use by that country's air force. The plane was last heard from early Sunday, about 500 miles out in the Pacific.

Stilwell intended to fly as far as Hawaii from San Francisco to increase his instrument rating as a pilot.

The plane's pilot was Hal Grimes, 45, a personal friend of the general and president of Air Ferry International of Pacific Palisades, Calif.

Grimes radioed Sunday that one engine had failed and the plane was returning to San Francisco. A Coast Guard plane sent to accompany the crippled aircraft arrived two hours later but found no trace of the plane.

Two Coast Guard cutters, 20 land-based planes, three destroyers and the aircraft carrier Yorktown participated in the search Monday. A 70,000-square-mile area was checked visually and with radar.

2 Children Are Killed in Auto Blaze

PRINCETON, W. Va. (AP)—State Police were investigating today how a Columbus, Ohio, woman failed to notice a fire engulfing the rear of her car traveling on the West Virginia Turnpike, which killed her two small children riding in the back seat.

Lana Elaine Meadows, 4, and her 2-year-old sister Lisa Kay, died in the fire as their mother and father tried desperately to pull them from flames.

State Police said the father, Eugene Meadows, 30, was following his wife in another car when he spotted the flames at the car's rear.

Police said he told them he tried honking his horn several times to get his wife's attention, but she didn't notice him at first.

But when Betty Meadows, 29, pulled her car over, the fire was so bad the children couldn't be reached.

Two State Police troopers arrived at the scene almost immediately, but couldn't contain the fire with an extinguisher.

The Meadows were en route to visit Meadows' mother at nearby Newhall.

Two other Meadows children escaped harm. A 7-month-old daughter was riding in the front seat with Mrs. Meadows and was pulled away safely. And 7-year-old Judith Lynn was riding with her father.

Amelia Earhart Died As U.S. Spy, Story Says

NAPA, Calif. (AP) — Amelia Earhart, the aviatrix whose mysterious disappearance in the South Pacific gained her a place in American folk history, died as a U.S. spy on a Japanese-held island, according to a copy-right newspaper story.

The Napa Register said Monday that the pioneer woman flier was captured by the Japanese on Saipan in 1937 while she completed an intelligence mission to inspect and photograph fortifications on Pacific islands.

Her body and that of navigator Frederick Noonan were secretly returned to the United States in 1944, according to the report. The newspaper said Miss Earhart died of dysentery and Noonan was beheaded.

A State Department spokesman in Washington said his files showed no evidence Miss Earhart was on an intelligence mission or that she was captured by the Japanese.

The official version of Miss Earhart's disappearance is that her plane apparently went down someplace between Lae, New Guinea, and Howland Island, on the first leg of a flight to Honolulu and Oakland, Calif.

The Register said it based its conclusion that Miss Earhart was on an espionage mission upon scrutiny of "classified files in the Department of the Navy and the Department of State."

The report cited "scores of natives" on the island who told newsman Frederick Goerner of radio station KCBS in San Francisco of a white man and woman being held captive by the Japanese. Goerner launched the investigation in 1960 and was

joined by the Register three years ago.

One woman was quoted as saying: "The woman the Japanese called the flier died of dysentery. She could not be helped. The man who came to the island with her was executed several days after her death. The Japanese beheaded him with a Samurai sword."

According to the Register, two former U.S. Marines, Everett Henson Jr. of Sacramento, Calif., and Billy Burks, now living in Texas, found the remains of two bodies on the island in 1944.

When they asked a supervising officer "what are we looking for," the newspaper said, he replied, "Have you ever heard of Amelia Earhart?"

Bids Opened On Junkyard Screening Jobs

COLUMBUS, Ohio (AP) — Ohio took the first step Tuesday in a planned beautification of highways by opening bids on the first junkyard screening projects.

The bids were among more than \$25.8 million worth of projects figuring in Tuesday's opening.

Masheter said the screening projects include planting trees and other shrubbery on 0.2 mile of U. S. 35 in Gallipolis Township, Gallia County; 0.8 mile of Ohio 7 in Warren Township, Washington County; and 0.3 mile of U. S. 224 between Ohio 8 and Ohio 532 in Summit County.

Apparently low bidder for the Gallia-Washington County projects was R. C. Follrod of Pomerooy, \$21,896. The state estimate was \$31,500. The apparent low bidder for the Summit County project was Paul E. Bleile of Norwalk, \$16,641. The state estimate was \$39,000.

Bids on major projects today included:

FAYETTE — Construction of bridge on U. S. 22 over Rattlesnake Creek in Jasper and Concord townships; apparent low bid W. M. Brode Co., Newcomerstown, \$230,093; state estimate \$213,000.

HOCKING — 5.3 miles of U. S. 3 in Good Hope and Falls townships including two bridges; apparent low bid Allied Enterprises and Engle Construction Co., McArthur, \$390,981; state estimate \$3,530,300.

VAN WERT — 2.2 miles of U. S. 224 including two bridges in Pleasant Township apparent low bid Vernon Nagel, Napoleon, \$865,525; state estimate \$923,900.

Methodists Study Cause of Rioting

COLUMBUS, Ohio (AP)—Bishop F. Gerald Ensley of the Ohio West Area of the Methodist Church sent letters to 800 ministers in the area today urging them to "use their influence to curb mob violence and work toward eliminating causes behind it."

The ministers receiving the letters represent 350,000 church members.

In this letter, the bishop said: "We are all distressed by the mob violence in the city streets of America. Much of its racial origin. Nearly all of it is in situations where Negroes have been fenced in by discriminatory practices in the sale and rental of housing."

U.S. Disavows Invasion Move

House Continues Rights Debate

WASHINGTON (AP) — The House plunges into a second day of discussion on the civil rights bill today with Southern Democrats vowing to do all in their power to delay a final vote.

The opponents' quickly unfurled their delaying tactics Monday when the House opened consideration of the compromise legislation. House leaders said they hoped to reach a final vote by the end of the week, but they weren't optimistic. Numerous amendments are pending.

The bill reached the House floor via a new rule which limits to 21 days the time the House Rules Committee can delay legislation approved by other committees. The motion to bypass the Rules Committee carried by a 200-180 vote, with 180 Democrats and 20 Republicans supporting it and 75 Democrats and 105 Republicans against it.

That was sufficient indication that more trouble lay ahead, since some members who voted for consideration may vote against the bill if it isn't changed to their liking.

The most controversial provision is aimed at prohibiting discrimination in the sale or rental of housing. It is directed primarily at real estate agents and builders and wouldn't affect homeowners who have fewer than two real estate transactions in one year.

The bill deals also with state and federal jury selection, and it prohibits interference with Negroes trying to vote, go to school, use public transportation or take part in legal demonstrations.

Opponents started dilatory tactics by demanding time-consuming roll calls to keep the necessary 100 members in the chamber. The roll calls are automatic when attendance drops below 100 and a member objects.

Rep. John Bell Williams, D-

Miss., opened the fight by trying to deal the bill a sudden-death blow. Williams, who was disciplined by House Democrats last year for supporting Republican Barry Goldwater for president, claimed the House Judiciary Committee report on the bill violated a rule that requires details of proposed changes in existing laws.

Speaker John W. McCormack held that there was substantial compliance with the rule and Williams dropped that argument.

8 Indictments For Murder Are Returned

Chicago Grand Jury Acts in Massacre Case

CHICAGO (AP) — Eight indictments charging murder were returned by the Cook County (Chicago) grand jury today against Richard Speck, 24, held in the mass killing of eight nurses.

The indictments, voted after hearing police and medical witnesses Monday, were presented to Judge Edward F. Healy who is acting chief justice of the criminal division of Circuit Court.

John Stamos, assistant state's attorney who accompanied the 23 grand jurors on the 25-yard walk from the jury room to the courtroom, told newsmen there were eight indictments and each charged murder.

State's Atty. Daniel P. Ward said Monday: "I have presented the case to the grand jury and I cannot say what the grand jury is going to do."

Ward has said he would seek a murder indictment against Speck for each slaying. Speck is presently charged with murdering Gloria Jean Davy, 22, of Dyer, Ind., who police believe was the first nurse slain in the methodical July 14 massacre.

A murder indictment on each slaying would permit the state to try Speck eight times, if necessary, to get a conviction.

Ward added that he expected a grand jury decision today "through some court."

Miss Corazon Amurao, 23, a Filipino exchange student who escaped death by hiding under a bed, was reported by two physicians to be suffering from extreme exhaustion and did not appear before the grand jury.

"Due to legal ethical reasons," Ward told newsmen, "I cannot comment on the South Chicago Community Hospital statement that the nurse is suffering from extreme exhaustion and for that reason could not testify before the grand jury."

Miss Josephine Chan, director of nursing at the hospital where Miss Amurao is confined and where the victims trained, was the jury's first witness.

Jamestown Man Tied to Beatings

XENIA, Ohio (AP)—Greene County authorities were seeking James Daley, 24, of rural Jamestown Monday in the beating of his parents-in-law.

Deputies said the father-in-law, Claude Cox, 64, told them Daley appeared at Cox's home near Jamestown, told him he had a score to settle, then hit Cox in the face, breaking his jaw and giving him a concussion. Mrs. Cox, 47, suffered a broken jaw.

Both are hospitalized in satisfactory condition. Charges of assault and battery and assault with intent to kill were filed against Daley.

Viet Premier's Call Shunned

Cong Stepping Up Harassing Stabs

WASHINGTON (AP) — The United States disassociated itself today from a call by South Viet Nam's premier for a military confrontation now with Communist China.

A State Department spokesman declared: "Our position of not seeking any wider war has been repeatedly made clear and remains our position."

Premier Nguyen Cao Ky had proposed in an interview that it is better to face the Red Chinese "right now than in 5 or 10 years." He also suggested an allied invasion of North Viet Nam to smash the source of Communist aggression against South Viet Nam.

The administration decided, it was learned to deal as softly as possible with what was clearly a sharp division between the policy line projected by the South Vietnamese leader and the policies being followed by President Johnson.

State Department press officer Robert J. McCloskey told a news conference in response to questions that he did not want to comment directly on Ky's statement, but then added: "I would say our position of not seeking any wider war has been repeatedly made clear and remains our position. We do not threaten any regime."

The denial of a threat to any regime appeared to be a repudiation of Ky's call for invasion of North Viet Nam. Johnson and other administration officials have said repeatedly the United States does not aim at the destruction of North Viet Nam.

Meanwhile, the Vietnamese Reds appeared to be stepping up harassment attacks in the Saigon area.

The Viet Cong units unleashed a 90-minute attack with mortars and recoilless rifles tonight on the command post of the U.S. 25th Infantry (Tropical Lightening) Division at Chu Lai, 18 miles northwest of Saigon.

The enemy weapons finally fell silent under the counter-fire of American artillery and fiery napalm loosed by four U.S. Air Force F100 Super Sabres on the suspected gun sites. A U.S. spokesman said American casualties were very light. He had no immediate word on Viet Cong losses.

Elsewhere in the South, fighting slackened during the day, but U.S. airmen flew over typhoon winds and through monsoon rains to pound Communist targets north and south of the border.

The mortar shells started falling on the 25th Division base at Chu Chi shortly after sunset. There was no report of any casualties. First reports indicated that it was not a major attack but followed the pattern of other Viet Cong harassments on the doorsteps of Saigon in the past few days.

The guerrillas struck nine times in the Saigon area Monday, shelling and machine-gunning government militia posts and a refugee relocation center.

More than 400 miles north of Saigon, U.S. Marines pursued the hunt for the battered survivors of the first full North Vietnamese division sent south, but made no contact with the slippery foe. Backtracking across the nearby 17th Parallel border or westward toward Laos, the Communists left behind 736 dead, the Marines reported.

The battle debris and scarred terrain indicated the enemy toll may be far higher, officers said. With most of the Hanoi regulars of Division 324B apparently (Continued on Page 2)

Auto Cooler Stolen

HOPKINSVILLE, Ky. (AP) — A thief decided to do something about the hot weather. He took the air-conditioning from Kermit Greg's automobile while the car was parked downtown.

Merit Type Pay Increases Okayed for Berger Employees

Salary increases that will be granted on a merit basis have been approved for employees at Berger Hospital.

The increases were authorized Monday night by Berger's Board of Governors. The new schedule will apply to all departments.

Members of the board were requested to consider an improved salary rate during last week's regular governors' meeting. However, action was postponed until last night due to the absence of four members at the previous session.

The request was submitted by Charles B. Beard, Berger administrator. He termed it a key factor in the hospital's successful operation.

APPROVAL of the new pay program was granted after a lengthy discussion period. Voicing accord with the proposal were board members Howard Koch, Harry Clifton Jr., Henry Schroeder, Dr. Robert Phillips, Emmett Crist and Dr. E. L. Montgomery. Unable to be present were Dr. F. W. Anderson and Russell Palm.

According to Beard, the total merit type increases will not exceed \$1,600 per month. Individual raises will be arrived at through consultation with department heads.

Departments eligible for the new schedule include information, business, nursing, dietary, maintenance, x-ray, laboratory, medical records and admitting office.

Beard said the hospital's improved economy will be able to absorb the salary outlay. He noted that the operating fund is at its highest peak and that a continued increase in patient census appears certain.

Mainly About People

Deborah Steele, Kingston, has been discharged from Chillicothe Hospital.

Mrs. Maxwell Myers, 706 N. Pickaway St., was admitted Monday to Mercy Hospital, Columbus, as a surgical patient. She is in room 116.

Notice — Columbus Dispatch and Citizen Journal carriers are not permitted to collect in advance for monthly payments. We will not be responsible for any payments to carriers in advance. Rick Spires, Dealer, ad.

Seymour's "Young Trend" furniture store will be closed Wednesday and Thursday. Marking down furniture for sale starting Friday at 9. —ad.

Merit Type Pay Increases Okayed for Berger Employees

Salary increases that will be granted on a merit basis have been approved for employees at Berger Hospital.

The increases were authorized Monday night by Berger's Board of Governors. The new schedule will apply to all departments.

Members of the board were requested to consider an improved salary rate during last week's regular governors' meeting. However, action was postponed until last night due to the absence of four members at the previous session.

The request was submitted by Charles B. Beard, Berger administrator. He termed it a key factor in the hospital's successful operation.

APPROVAL of the new pay program was granted after a lengthy discussion period. Voicing accord with the proposal were board members Howard Koch, Harry Clifton Jr., Henry Schroeder, Dr. Robert Phillips, Emmett Crist and Dr. E. L. Montgomery. Unable to be present were Dr. F. W. Anderson and Russell Palm.

According to Beard, the total merit type increases will not exceed \$1,600 per month. Individual raises will be arrived at through consultation with department heads.

Departments eligible for the new schedule include information, business, nursing, dietary, maintenance, x-ray, laboratory, medical records and admitting office.

Beard said the hospital's improved economy will be able to absorb the salary outlay. He noted that the operating fund is at its highest peak and that a continued increase in patient census appears certain.

Mainly About People

Deborah Steele, Kingston, has been discharged from Chillicothe Hospital.

Mrs. Maxwell Myers, 706 N. Pickaway St., was admitted Monday to Mercy Hospital, Columbus, as a surgical patient. She is in room 116.

Notice — Columbus Dispatch and Citizen Journal carriers are not permitted to collect in advance for monthly payments. We will not be responsible for any payments to carriers in advance. Rick Spires, Dealer, ad.

Seymour's "Young Trend" furniture store will be closed Wednesday and Thursday. Marking down furniture for sale starting Friday at 9. —ad.

Battle Is Waged To Get Union Card for Negro

By STEPHEN T. MILLER
COLUMBUS, Ohio (AP)—The battle to get union cards for Ohio Negroes is just beginning, civil rights officials say.

"I'd say we've gotten our foot in the door, but that's all," says Dr. David McConnell, chairman of the labor and industry committee of the National Association for the Advancement of Colored People.

Civil rights and state officials say the problem is one of eliminating discrimination while improving the Negro's job qualifications. The battle is being fought on both fronts, with building trades unions as a major target.

Pressure from the NAACP brought an Ohio Civil Rights Commission investigation of the building trades in Cincinnati last year.

"We found out what we'd known all along," says Earle E. Diggs, commission research director. "The Negroes were

employed mostly in traditional Negro jobs, the dirty jobs, the hard jobs."

The check of 89 Cincinnati contractors showed that of 221 carpenters, only two were non-whites. Of 205 journeyman electricians, none were Negroes. Of 264 operating engineers (mostly heavy equipment operators), five were non-whites.

The pattern is repeated across the state, civil rights officials say. Negro plumbers, electricians, sheet metal workers, iron workers and operating engineers are at the best a rarity, they claim.

The unions which are willing to talk about the issue say it isn't a matter of discrimination.

"As far as I know, not too many Negroes have applied," says Ed Waller, president of the Columbus Building Trades Council. "Work's good, and the people who want work come around. The Negroes just don't seem to come."

The lack of Negro applicants for apprenticeship programs has caused "severe embarrassment to civil rights groups," McConnell says. When tests were monitored by the Civil Rights Commission in Cincinnati, only two Negroes showed up.

"There's no tradition among Negroes for anyone to go into these unions," McConnell says. "and no one knows how to do it."

"You have to take these people by the hand and lead them through it. Nobody did that in Cincinnati. We're not going to make that mistake again."

More than whites, Negroes are handicapped by inadequate preparation for apprenticeship programs. Lack of a high school diploma, unfamiliarity with apprenticeship aptitude tests and lack of skilled work experience are cited by McConnell as factors which have helped make entry into unions difficult for Negroes.

The NAACP is trying to change this. One approach has been through Project Upgrade, which is giving Cleveland and Cincinnati Negroes pre-apprenticeship training to polish existing skills to a level acceptable to unions.

State authority has also been brought into the picture.

The Ohio Apprenticeship Council has registered about 500 apprenticeship programs involving 11,000 apprentices under the anti-discriminatory Ohio Plan. Executive Secretary John Kostyo says that in two years under the plan, there have been no complaints of racial discrimination.

The Ohio Civil Rights Commission is now studying the racial employment pattern in state construction projects. Although it warns against drawing premature conclusions, early findings indicate the Cincinnati pattern may be found again.

Gov. James A. Rhodes has issued an executive order requiring apprenticeship groups involved in state construction projects to be integrated.

"We think we are approaching a point where utilization of the crutch 'we've had none apply' is going to be reduced," says Ellis L. Ross, executive director of the Civil Rights Commission.

One of the unions which has attributed its racial imbalance to a lack of Negro applicants is the Columbus Plumbers and Steamfitters Union No. 189. The union's membership is secret. Estimates of Negro membership range from none to 20.

Dudley H. Steiner, the union's business agent, says, "We're just like everyone else. We're trying to solve a problem that's 100 years old."

The civil rights people aren't going to solve it in a day, the state's not going to solve it in a day, and the federal government's not going to solve it in a day.

"Everybody wants it to happen overnight and it's impossible for it to happen that way."

Grand Jury in Cleveland Opens Probe into Rioting

CLEVELAND, Ohio (AP) — A grand jury opens an investigation today of the riots and fire bombing that caused widespread damage and left four persons dead in Negro slums on Cleveland's East Side last week.

Mayor Ralph S. Locher and Maj. Gen. Erwin Hostetler, Ohio National Guard commander, set another meeting to review the situation and decide whether to reduce the force of 1,750 guardsmen who, with police, continue to patrol the Hough area and adjacent districts.

In calling the special grand jury session Monday, Common Pleas Court Judge Thomas J. Parrino said: "The seeds of these riotous acts are found in grave social injustice. Poverty produces enormous frustration. Violence, however, does not remedy any problem. It cannot be condoned."

He said the grand jury, whose foreman is Louis B. Seltzer, former editor of the Cleveland Press, will seek to find the immediate cause of the violence, suggest remedies to community problems and take "appropriate action where evidence of unlawful acts is discovered."

The jurors are expected to turn their attention to the shootings which killed four Negroes.

Police said two white men charged in one shooting were member of a Murray Hill vigilante group formed because of fear that rioters might invade the area. Murray Hill is an Italian-American neighborhood several blocks southeast of Hough. University Circle lies between the two districts.

Charged with second-degree murder were Patsy Sabetta, 21, and Warren La Riche, 28, both residents of the district. They were charged in the fatal shooting early Saturday of Benoris Toney, 29, in a parking lot. Toney was in his car when he was shot.

Sabetta and La Riche were held for the grand jury on \$5,000 bond each.

No arrests have been made in the other three fatal shootings.

Mayor Locher, appearing before the City Council Monday night, denounced last week's rioting as a matter of lawlessness, not of civil rights.

Councilman Leo Jackson, a Negro from the Glenville District, also said the rioting had nothing to do with civil rights, adding that it was part of a struggle for power in the Negro community.

Ho Gives New Indication Of Leniency

PRAGUE, Czechoslovakia (AP) — President Ho Chi Minh has given a new hint of leniency for American airmen held captive in North Viet Nam.

The official Czechoslovak news agency CTK quoted him as saying North Viet Nam has behaved in a humane manner and will continue to do so in connection with the 45 airmen the U.S. Pentagon says are held by Hanoi.

But the North Vietnamese leader assailed President Johnson, Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

CTK quoted him as saying: "The main criminals are not the American pilots captured in North Viet Nam, but the persons who send them there — Johnson, Rusk, McNamara — these are the ones who should be brought to trial."

The agency said Ho made the remarks in a talk in Hanoi with a delegation of the international organization of journalists.

"He also was reported to have said that Hanoi was grateful to other Communist countries for their offers to send volunteers to help North Vietnamese fighters."

"That proposed help is not needed at present," he said. "But it still remains to be seen whether we shall require this aid in the future."

Cincy Water Rights Upheld

HAMILTON, Ohio (AP)—It's all right for Cincinnati to start drilling for water in southwestern Butler County—at least until another court has time to intervene.

The three-year battle between Cincinnati and Hamilton over water rights in Ross Township took a new turn Monday when a temporary injunction restraining Cincinnati was dissolved in common pleas court.

But Judge Thomas Mitchell of Jackson County, sitting by assignment, opened the way for another court fight by ruling that the conservancy district was a "lid entity."

John R. Moser, attorney for the conservancy district, said said after the hearing he would apply to the Miami Conservancy Court at Dayton for another injunction against Cincinnati.

Cincinnati's attorneys had asked the judge to declare the district unauthorized. They argued the district was set up in 1963 for the sole purpose of keeping Cincinnati from using the well field.

Hamilton officials contend this city would be permanently damaged if Cincinnati could start pumping out water. Cincinnati contends its wells would not deplete the water supply. Both sides have in the past produced surveys to bolster their cases.

In making his ruling, Judge Mitchell expressed concern that the conservancy district has prepared no official plan for use of the water. Moser said the district was working on the plan and the injunction he was seeking from conservancy court would provide enough time to complete the plan.

The World Today

By BARRY SCHWEID
For James Marlow

WASHINGTON (AP) — Sixty-eight of the 100 men nominated for president and vice president by the Democratic and Republican parties from 1868 through 1964 came from six states, New York, California, Illinois, Indiana, Massachusetts and Ohio.

One state, New York, alone accounted for 24 of the nominations.

Were they the best qualified men? Maybe they were, maybe they weren't. But the fact that the parties chose candidates from states with plenty of punch in the electoral college was no coincidence.

If a big-state candidate carries his state — and the assumption is that at least a presidential nominee can — he takes a giant step toward election.

Last week, Delaware, the fifth smallest state in population and one of the 26 whose native sons did share in the nominations, asked the Supreme Court to give the smaller states a better shake by declaring unconstitutional the "winner take all" system of presidential electors.

The move awakens the nagging fact that in choosing a president, Americans' votes are anything but equal.

The Constitution requires the states to choose presidential electors who in turn "elect" the president and vice president. But neither it nor federal law requires the states to use the unit vote system whereby the candidate who gets a plurality of the popular votes in the state wins all of the state's electoral votes.

Rather, the system is a result of the laws of the states.

Delaware, in asking the court to hear a suit against the other states, claims the "winner take all" system "denies due process and equal protection of the laws to millions of Democratic and Republican voters throughout the United States who are out-

voted at the state level."

Because larger states have a special strategic importance, Delaware says, the system keeps the major parties from nominating candidates from smaller states.

As the electoral vote is distributed now, a presidential candidate is elected if he carries the 11 largest states — New York, California, Pennsylvania, Illinois, Ohio, Texas, Michigan, New Jersey, Florida, Massachusetts and Indiana — and any one of the 39 other states.

A bare plurality in the 12 states is enough, even if he is trounced in the 38 other states.

and loses the national popular vote over-all.

In the last century, two presidential candidates who finished first in the national popular vote, Democrat Samuel J. Tilden in 1876 and Democrat Grover Cleveland in 1888, were denied the White House. Instead, Republicans Rutherford B. Hayes and Benjamin Harrison won the presidency through the electoral college system.

In January 1965, President Johnson proposed a constitutional amendment to tighten other weaknesses in the system. But the "winner take all" arrangement would be left intact.

For years, Congress has toyed with other proposals. One would establish a direct popular vote for the presidency. Another would retain electoral votes but would divide each state's vote in accordance with the popular vote in the state. A third would divide the states into equally populated districts with one electoral vote each.

While these have failed to gather momentum, the Supreme Court, which set down the "one man, one vote" rule for the makeup of state legislatures and U.S. congressional districts, could take the lead in reform — provided it decides to hear Delaware.

WHY BOTHER WITH ONE-ROOM AIR CONDITIONERS WHEN-

WHOLE-HOUSE GAS AIR CONDITIONING COSTS \$14.00 A MONTH TO OWN!

Probably the reason some people are still going for those roaring wind-tunnels called window air conditioners is that they haven't heard how little it costs to own whole-house Gas air conditioning.

Hear it now: Fourteen dollars a month—or less—not only buys a powerful three-ton capacity Gas central air conditioning system, but installs it, too. And there's no down payment.

Does the low price surprise you? It shouldn't, when you consider that a compact Gas air conditioner attaches to your present Gas furnace, converting it instantly into a matched heating-cooling team. Gas air conditioning is the quietest, longest-lived and most trouble-free of any central home-cooling system. And economical Gas can cool your whole house, every room, for a fraction of the cost of keeping a flock of noisy one-room air conditioners in electricity.

Send in the no-obligation coupon today, and enjoy summer with cool, healthful air in every room in your home.

Not Very Good Sense

At least a strong reprimand and possibly a court-martial is indicated for an Army computer and its keepers that sent more than 50 engineers who weren't even supposed to be in the Army to a Wisconsin National Guard mechanized infantry division.

The young engineers, most of whom had served two-year hitches and were on ready reserve status, weren't surprised when they were called up. But they were surprised when they ended up in the mechanized infantry. None of them had ever seen any of the equipment a mechanized division uses.

Official word that the engineers had been misplaced came just as they were preparing to move out on a training mission. They were all sent back to their homes.

What happened? An order had come to the Army computer center in St. Louis for 54 infantrymen to be re-

sitioned from the active reserve rolls. But when the requisition for infantrymen, classified as 11B, was put through the computer somebody punched 01Z for engineers. Apparently assigning 54 engineers to an infantry unit didn't seem incongruous at all to the computer.

If the computer and its operators can make a mistake of such magnitude, isn't it possible that they can make more? Who could countermand the order if a computer assigned a WAC unit to front-line duty in Viet Nam? Or imagine the bedlam if an infantry company was sent to take over a helicopter squadron.

The Army should assign more human beings to keep their eyes on the computers. There is no doubt that computers are efficient, but it's always been suspected that they didn't have very good sense.

Why Women Don't Sleepwalk

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Sleepwalking is predominantly a male disorder. Apparently would just rather not go — if it would just rather not go — if they can't go by car or cab.

Only about one in every three paper clips is used to clip papers together. The rest are lost, twisted and thrown away, or used as make-shift screwdrivers or to clean fingernails, typewriters or pipes. In less sedate offices, of course, they are so fired with rubber bands at passing stenographers.

The foods you choose may show how smart you are. People with a high IQ are reported to have a fondness for grapefruit, celery and olives. But if they take their olives only in martinis, they're not so very smart.

Here's a statistic that may surprise you: In about half of

all fatal traffic accidents only a single vehicle is involved.

No wonder it is hard to keep a cool head. Scientists have figured that to duplicate the human brain they'd have to build a machine as big as a football field and 60 stories tall. And to keep this mechanical noggin from becoming overheated, they'd require water equal to the amount that flows over Niagara Falls.

Quotable notables: "Every man past 50 who has never owned a Rolls-Royce owes it to himself to buy one" — John O'Hara.

Changing medicine: Druggists now fill more than 750 million prescriptions a year for ailing Americans. More than 70 per cent are for drug products introduced since 1950.

Small consolation: Baldness affects up to 80 per cent of men,

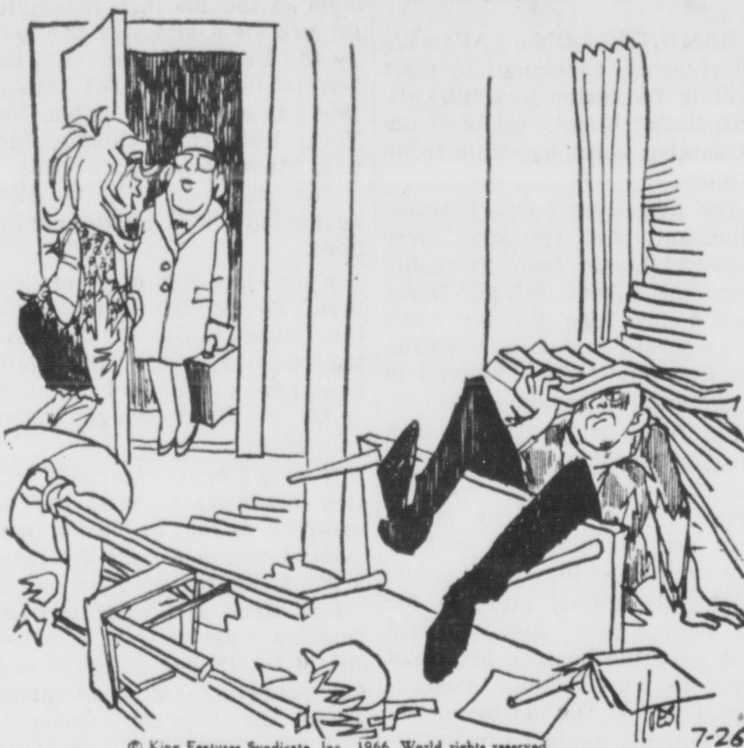

and if you are among the nine out of 10 victims in whom it is hereditary, there isn't much hope of regaining your hair. But at least you can pin the blame on your ancestors.

Where the money is: A U.S. Census Bureau economist says that by age 64 the average doctor has earned \$717,000, the average lawyer \$621,000.

Folklore: It's bad luck to lend an umbrella or handkerchief. If your lip itches, it's a sign someone is speaking ill of you. You'll get warts if you wash your hands with water in which eggs have been boiled. If the bubbles on your morning coffee float toward you, you'll get money; if they float away from you, you'll lose money.

It was George Bernard Shaw who observed, "My way of joking is to tell the truth; it's the funniest joke in the world."

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

I have been told that I have chronic cystic mastitis of both breasts. I have had two children and am as frightened as anyone else that this might be cancerous. Is surgery performed for this condition?

Mrs. E. A., Oklahoma
Dear Mrs. A.: Let me immediately assure you that chronic cystic changes in the breast are not, in themselves, malignant. Of course, this does not mean that the condition should be casually disregarded.

Your anxiety about the possibility of cancer of the breast is not unusual. All of us have been bombarded by the threat of statistics of cancer, heart disease and strokes.

These constant threats to our composure has not left us with a sense of security. In fact, our depression is deepened by the prophecy of doom that settles over us by ill advised and frightening campaigns.

The emphasis must be placed on hope rather than fear. It is an accepted fact that when a lump in the breast, a tumor of the breast or a cancer of the breast is found early and treated immediately the chances of recovery are excellent.

In the practice of medicine physicians are aware that patients actually stay away from the doctor's office because they are afraid that their fears of disease will be substantiated or denied. This is contrary to the educational campaigns of all health agencies.

The diagnosis of chronic cystic disease has been made in your case. I am certain that you were given the assurance and reassurance that you needed.

Cystic disease of the breast is considered to be the result of some imbalance of the female hormone estrogen. The breasts undergo some slight changes each month, before, during, or after the menstrual cycle. The cystic condition is also observed during the change of life or menopause.

Had your physician suspected the possibility of an underlying, more serious condition he would have used any one of a

number of new techniques for furthering the diagnosis. Cysts can be painlessly emptied under local anesthesia.

The soft breast tissue can now be X-rayed by a technique known as mammography. This new method is truly a remarkable advance for distinguishing cystic disease from other growths.

Sometimes a small piece of tissue is removed, sent to the laboratory and carefully examined under the microscope. This biopsy method of examination is definitive and indicates the nature of the medical treatment or the need for surgery.

Hormone therapy is often sufficient to relieve some cases of cystic mastitis. Support of the breasts before the menses relieve the tenderness and soreness. Surgery is performed only if there is a large cyst or if the physician suspects the possibility of a more serious condition.

The sun is a fooler on cloudy days. It can penetrate a wet white shirt and cause a severe burn.

The Business World

By Sam Dawson

NEW YORK (AP) — U.S. exporters—and especially American farmers—have a big stake in the new farm policy hammered out by the six European Common Market nations. And the stake is how much will the price and subsidy pact cut into the sizable market American farm products now enjoy in the West European bloc.

Products ranging all the way from meat to canned fruit juices from the United States are involved.

The six European nations are a big and growing market for food. There are some 180 million consumers in France, West Germany, Italy, the Netherlands, Belgium and Luxembourg. The booming prosperity of these Common Market nations in recent years has raised personal incomes and consumption and upgraded tastes for new and imported foods.

The U.S. Department of Agriculture says that last year U.S. exports of farm products to the six nations came to \$15 billion. It may well be running ahead of that rate this year.

What worries American farmers is that the new pact drafted Sunday will raise prices on many food items produced in the Common Market. And this will boost the duty of American imports. On most farm products the Common Market uses a flexible tariff system geared to price differences. The duty is raised to take up the gap between world market prices, usually lower, and the Common Market farm prices, usually higher because of subsidies.

In most instances, the American farm products are priced lower than the European ones and face an already stiff import levy.

With any new hike in food prices in the Common Market, the duty on American footstuffs would rise. And the higher priced the American products thus become, the harder to sell them to the European consumer.

For U.S. exporters as a whole, the results of the Common Market farm pact will be more complicated. Tighter food prices for the 180

million Europeans, whether the food is grown locally or imported, mean less money left over to buy other imports.

But the final solution of the

Common Market's toughest problem could open the way for a general tariff agreement, which has been hanging fire for several years.

You're Telling Me!

By William Ritt
Central Press Writer

U. S. Scientists, seeking new drugs for human ailments, are studying Columbia's tiny Kokoa frogs, which exude the worlds deadliest venom. The frogs are only one-and-a-quarter inches long — which makes them the meanest, toughest midgets alive.

We don't know whether or not the Kokoa frogs croak — but it is a sure pop clinch anything that gets near them does.

The Kokoa are colored a shining black and gold, all of which tends to make them pretty — horrible!

Meanwhile, we note that one of the most recently discovered of the giant stars has been given the name "Wolf-457." Haven't the slightest idea in what part of the heavens it is situated — most probably at the door of the universe.

F.E.F. says there must have been a lot of paned expressions after those one-way bathroom windows were installed backward in Arlington, Va.

To misquote the Wicked Queen in "Snow White" — "Mirror, mirror on the wall, Who's

the most embarrassed one of all?"

According to a farm journal item it takes 32 gallons of sap to make one gallon of maple syrup. However, it only takes one gallon of you-know-what to easily create 32 saps.

CHUNK OFF CAPITOL—House Speaker John W. McCormack, D-Mass., shows newsmen in Washington a 27-pound piece of sandstone cornice that fell from the west front of the Capitol building a few days before. He is seeking "urgent, and I mean urgent" reconstruction work on the building.

Common Sense and Ideology

By John Chamberlain

When does common sense become "ideology" — or vice versa?

These queries are prompted by the troubles which the Moral Rearmament encounters every so often in the presentation of its "Sing-Out '66" shows that feature swinging groups of wholesome high school and college kids who have vocal and rhythmic talents and who believe in brotherly love. The kids have toured America and the world, whooping it up and belting it out for such common and garden variety ideas as love of country, love of freedom and love of humanity, which are just about as "ideological" as the qualifications of Chaucer's medieval knight who supported "truth and honor, freedom and courtesy." Yet last year, when the kids were winning audiences as "Sing-Out '65," some zealous civil libertarian watchdogs in the southwest tried to get the show thrown out of high school auditoriums on the ground that it was "religious" and hence violated the Constitutional provision for separation of church and state.

More recently the Columbia Broadcasting System turned down a TV version of "Sing-Out," or "Up With the People," which Patrick J. Frawley, head of the Schick Razor Company and Eversharp, Inc., was attempting to sponsor. The CBS claim was that the show "editorialized" its approach.

This beats me, unless it is "editorial" to believe in home, mother, the family, the virtue of Caesar's wife, the utility of Alcoholics Anonymous, and the sanctity of the American game of baseball. Under such an interpretation of what is "ideological" I don't see how anything can be presented on the air. Even Batman embodies crude ideas of virtue, and every Western arrives at the conclusion that good guys are to be distinguished from bad guys.

The whole thing is particularly incongruous in the light of the acclaim which "Sing-Out" performances have been drawing in Germany, Austria, Spain, South Korea, Japan, and elsewhere. Chancellor Ludwig Erhard of West Germany, Chancellor Josef Klaus of Austria, and Manuel Fraga Iribarne, the Spanish Minister of Information and Tourism, all reportedly went wild over the show. Said Chancellor Erhard: "You have not only helped to unite Germany and America, but you have also woken up the conscience of the nation to the fact that freedom isn't free. It is a very great thing you have done."

This columnist has no connection with Moral Rearmament, which may or may not have primarily religious motivations. Regardless of "MR's" commitments, the "Sing-Out" shows are only religious in the sense that decent behavior anywhere is religious. To try to knock the "Sing-Out" kids off the air, or off school platforms,

is equivalent to busting the Boy Scouts, or to banning the use of Negro spirituals because they mention Heaven.

Well, this country has been going crazy for a long time, anyway. I've just been reading Donald I. Rogers' little book, "The End of Free Enterprise." Mr. Rogers, as it may be recalled, got himself thoroughly chastised a couple of years ago for a speech which took American businessmen to task for failing to give advertising support to publications that favored the retention of the enterprise system. His intention was not to subvert the editorial integrity of the press, but merely to say that business had some responsibility toward maintaining a climate favorable to a market economy as well as a responsibility toward selling specific widgets and gadgets. In "The End of Free Enterprise" Mr. Rogers returns to his attack on businessmen for being shortsighted.

My own hope is that Mr. Rogers' book is already a bit anticlimactic. Since Mr. Rogers wrote his original criticism such organizations as the National Association of Manufacturers have started volunteer programs for wiping out "technological illiteracy." And now the Mormon Church is getting into the act by underwriting a broadcasting network, Radio New York World Wide, whose aim is to reflect the culture of the U.S. in programs beamed to Europe, Africa, Latin America, and to the New York area as well. The unique thing about Radio New York World Wide is that it plays no favorites. It is willing to take its material from the AFL-CIO on the one hand, and such a stalwart free enterprise group as the Foundation for Economic Education on the other. True pluralism, in short, and no finicky worries about whether the advocacy of apple pie is "ideological."

U. S. Scientists, seeking new drugs for human ailments, are studying Columbia's tiny Kokoa frogs, which exude the worlds deadliest venom. The frogs are only one-and-a-quarter inches long — which makes them the meanest, toughest midgets alive.

We don't know whether or not the Kokoa frogs croak — but it is a sure pop clinch anything that gets near them does.

The Kokoa are colored a shining black and gold, all of which tends to make them pretty — horrible!

Meanwhile, we note that one of the most recently discovered of the giant stars has been given the name "Wolf-457." Haven't the slightest idea in what part of the heavens it is situated — most probably at the door of the universe.

F.E.F. says there must have been a lot of paned expressions after those one-way bathroom windows were installed back-wind in Arlington, Va.

To misquote the Wicked Queen in "Snow White" — "Mirror, mirror on the wall, Who's on the building."

CHUNK OFF CAPITOL—House Speaker John W. McCormack, D-Mass., shows newsmen in Washington a 27-pound piece of sandstone cornice that fell from the west front of the Capitol building a few days before. He is seeking "urgent, and I mean urgent" reconstruction work on the building.

Boys, Girls Nations Tap Ohio Youths for Top Posts

WASHINGTON (AP) — Two teen-agers from Canton, Ohio, put their political machinery in gear for tonight's elections where they will bid for top posts at Boys and Girls Nations.

Nominees were selected Monday night with Martha Cynthia Wasson emerging as the Nationalist Party's candidate for president of Girls Nation while John P. Arigoni was the Federalists Party's choice for Boys Nation vice president.

The boys convened at the University of Maryland in nearby College Park and the girls at American University here for Monday night's conventions, part of the American Legion-sponsored week-long program of events designed to show them the workings of the federal government.

Martha has teamed up with Janet Moses of Appomattox, Va., who is the Nationalist

Party's vice-presidential candidate, while at Boys Nation, John is running on the ticket of R. Peter Henschel of Wauwatosa, Wis., Federalist presidential hopeful.

The Ohioan and her running mate go into the elections against Girls Nation Federalist Party candidates, Jan Crenshaw, Meridian, Miss., president, and Wendy Sherman, Baltimore, vice president.

The Nationalist Party at Boys Nation is sending Gray H. Miller of Houston, Tex., and Daniel J. Pagnano of Newton, Mass., presidential and vice presidential hopefuls against federalists Henschel and Arigoni.

Randall C. Carlisle, Wooster, Ohio, lost out in his bid Monday night to become the Nationalist Party's candidate for president of Boys Nation.

There are 100 girls and 98 boys on hand for the sessions with the American Legion Auxiliary sponsoring the girls.

Writer Sees No Reason For History To Be Dull

HOLLYWOOD (AP) — "There's no reason history should be dull," says Cornelius Ryan, who has done as much as anyone to enliven the history of World War II.

Ryan is a ruddy-faced, voluble Irishman whose account of the invasion of Normandy, "The Longest Day," was an enormous success as a book and movie. Now an American cit-

izen, he is hard at work converting his latest best-seller, "The Last Battle," into a screen play. The saga concerns the fall of Berlin and the end of the war.

"This is an enormous job," the author said as he surveyed the charts, photos and outlines that fill tables and walls of three MGM offices. "Right now I'm working with the producer, George Englund, to narrow down the story to a reasonable number of characters.

"A few stand out — the generals, Hitler, the milkman who continued his route as the city was falling, the zookeeper who tried to save the animals, etc. But how do you decide about the others?"

Ryan and his researchers contacted 3,000 persons during the eight-year preparation of "The Last Battle." The nature of the events makes the film a much more complicated story than "The Longest Day," for which Ryan also wrote the script.

"There you had an immense operation," said Ryan, "but it was centralized on one military maneuver. In 'The Last Battle' you have the whole arena of human tragedy and even insanity, as in the case of Hitler, who was dispatching orders to phantom armies that didn't exist.

"You have vast forces in the story — the Russians advancing from the east and the Allies from the west, plus the remnants of the German army. You also have the civilian population of a great city that was being crushed to the ground, plus the political aspects of the heads of state. It is an enormous panorama."

Sneezing Returns To Florida Girl

MIAMI, Fla. (AP) — Sneezing June Clark, out of her siege for six weeks after treatment with mild electric shocks, is gripped with periodic sneezes again.

"But we're not too concerned," her mother, Laverne Clark, said Sunday after June started sneezing every five to 10 minutes. From January until last month she was sneezing every 15 to 30 seconds.

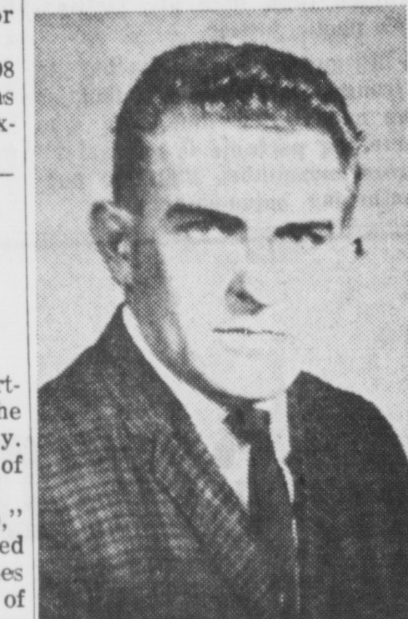

June, 17, is scheduled to undergo more mild electric shocks.

Marines Finding Rewards in Viet War

DA NANG, South Viet Nam (AP)—To U.S. Marines the war in Viet Nam is a grinding business that has brought many days of frustrating operations, death to 1,100 of the corps — and some slowly developing rewards.

This, for the Marine, is the war of the squad and platoon, of endless patrols and trail ambushes. The occasional big fight, with battalions engaged, erupts suddenly and ends quickly as the Viet Cong fade away. Then it is back to probing and

CCA Names Smallwood for Forester Job

HAROLD A. SMALLWOOD

Harold A. Smallwood has been named land management forester for Container Corporation of America at the Circleville paper mill. Announcement of the appointment was made by John O'Brien, plant manager here.

"We are pleased to add another forester with such an excellent background. Smallwood will represent our company by working with private landowners in our Cooperative Forest Management Program and other phases of our pulpwood procurement program," O'Brien noted.

Smallwood is a native of Martinsburg, W. Va. He received his bachelor of science degree in forest management from West Virginia University in 1963.

Prior to joining Container Corporation, he served as a farm forester in the Athens district for the Ohio Division of Forestry and Reclamation. In the latter capacity, he worked with many landowners in protection, management and harvesting of private woodlands.

Smallwood now makes his home in Chillicothe where he lives with his wife and two children.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEREETH holds plates firmer and more comfortably. This pleasant powder has no gummy, goosy, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor." Dentures that fit are essential to health. See your dentist regularly. Get FASTEREETH at all drug counters.

pressing forward, foot by foot, the line of Marine control.

The reward may be a brief firefight with a band of guerrillas who leave their dead as they flee, a successful ambush, or the smiles of village peasants who a week ago lived under Viet Cong domination.

The 56,000 Marines are fighting in the five northern-most provinces.

Operating out of three combat bases with full Marine air support, the Leathernecks have methodically expanded their perimeters from a wavering six square miles at Da Nang in March 1965 to 960 square miles at Da Nang, Chu Lai and Phu Bai.

This system of seize-and-consolidate has brought criticism from some military critics. They contend the Marines are not fulfilling their traditional role of assault troops who seize the objective and then move on.

A Marine spokesman observed: "We have a simple goal. It is to control the area where the people are. We will lose 'X' number of Marines, but the solution is just a matter of time and diligence."

The Marines at Phu Bai, 45 miles north of Da Nang, have extended their perimeter to 85 square miles. At Da Nang, the major Marine base, the Leathernecks have a 600-square mile perimeter and are pressing north and south. At Chu Lai, 50 miles south, the Marines control

275 square miles.

"We could close the gap between Da Nang and Chu Lai in five weeks," the spokesman said, "but it would mean steam-rolling conventional warfare — breaking everything up. And we're trying to win these villages to the government's side, not destroy them."

Ponies Plow Roof, Earn Men's Pay

TOLEDO, Ohio (AP) —Two horses earned men's wages by plowing a roof.

It is true. The horses, actually ponies, were hired to scrape two inches of old roofing off the roof of the Continental Aviation and Engineering Corp. plant.

A roofing contractor, Brown and Kerr, Inc., wanted to apply a new coating of asphalt roofing material, but the old coating had to be removed first.

Wilford Carver of Winchester, a workman for the roofing company, said his ponies could do the job. Workmen with machines had failed.

C. J. Lowrey, general superintendent for the firm, said he would pay the ponies men's wages if they could do the work. He also bet Carver a new hat.

The ponies were hoisted by crane to the roof Friday where, unconcerned about the height, they pulled a plow to peel off the old roofing.

Lt. Gen. Lewis W. Walt, commanding general, has told the Marines they are fighting three battles: against the North Vietnamese or Viet Cong main forces; against bands of guerrillas, and to win the people's loyalty to the government.

Against the main force, the first problem is to find the enemy battalions or regiments. With the Viet Cong reluctant to field any large units for a toe-to-toe clash, the Marines are specializing in counter guerrilla tactics.

"These guerrillas are the foundation of Communist strength here," the spokesman said. "Without the guerrillas collecting taxes, rice and intelligence and intimidating the villagers, the main forces would be ineffective."

To counter the guerrillas, the Marines have 500 troop units operating day and night, ranging from companies to four-man fire teams. They can call in airplane and artillery fire.

Their lonely, isolated battles do not draw headlines.

Gen. Walt has made it clear that he believes action against the guerrillas will determine the fate of the five northern provinces. One of his staff officers says: "If we had the choice of killing 100 guerrillas or 300 North Vietnamese soldiers, we would take the guerrillas. They

Blind Judge Is Named

ATLANTA, Ga. (AP) — Judge Reese Robrahn, a blind jurist of the County Court in Topeka, Kan., has been elected president of the American Council of the Blind.

TODAY In History

By THE ASSOCIATED PRESS

Today is Tuesday, July 26th, the 207th day of 1966. There are 158 days left in the year.

Today's highlight in history: On this date in 1947, the U.S. armed forces were reorganized and unified.

On this date:

In 1788, New York ratified the Constitution.

In 1847, the Republic of Liberia in Africa was founded.

In 1856, Irish playwright George Bernard Shaw was born.

In 1941, Gen. Douglas MacArthur was appointed commander of U.S. forces in the Philippines.

In 1944, Nazi V2 robot bombs fell for the first time on England.

Ten years ago—The Italian luxury liner, Andrea Doria, sank in 225 feet of water 45 miles south of Nantucket Island off Cape Cod, Mass., one day after its collision with the Swedish ship, Stockholm.

Five years ago—Communist Cuban Premier Fidel Castro said an Eastern Airlines passenger plane that had been hijacked in mid-air two days before and flown to Havana would not be returned to the U.S. until 10 Cuban planes being held by court orders in the U.S. were returned to Cuba.

One year ago — President Johnson created a 19-member National Crime Commission to study all aspects of crime and the administration of justice.

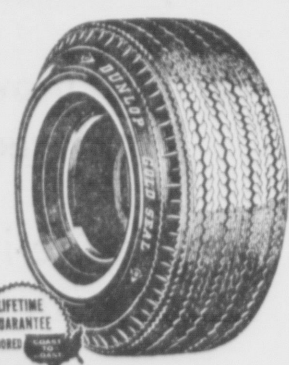

STAGE-STRUCK—Actress Carroll Baker, who sprained her left arm in a fall backstage following her opening night performance in the road production of "Gentlemen Prefer Blondes" in Indianapolis, Ind., tells newsmen she will continue in her role with her arm in a sling.

ELECTRIC HOME HEATING COST CAN BE GUARANTEED BY YOUR BUILDER!

HERE ARE SOME ANSWERS TO QUESTIONS ON THIS SENSATIONAL GUARANTEE PLAN:

Q. Exactly what do you mean by a Guaranteed Electric Heating Plan?

A. It will guarantee that the annual operating cost of heating your home with Flameless Electric Heat will remain within 10% of a specific dollar-and-cents figure each year for the first three full years of operation.

Q. Who makes this guarantee?

A. Either your builder or electric heating contractor who has installed the heating system in the new home you buy, or build.

Q. Okay, but how does the guarantee work?

A. When you buy or build a new home with Flameless Electric Heat installed, you examine and approve the written operating Cost Guarantee before you make the purchase. The Guarantee will contain the estimated yearly cost of heating your home the Flameless way. The cost is clearly stated in a specific dollar-and-cents figure. When you buy the home, the Guarantee goes into effect. If any time during the first three full years you occupy your home, your yearly heating cost exceeds the estimated figure by more than 10%, your builder or electric heating contractor will reimburse you. He will also make any adjustments or changes that may be required to make your flameless heat system operate perfectly. Remember: The Guarantee is in writing . . . You're fully protected.

Q. And what about Electric Heat Costs?

A. Today, the cost of Flameless Electric Heat in the areas served by The Electric Company is actually 38% lower than it was in 1957. When you combine the outstanding clean comfort, complete convenience and flexibility of electric heat, with the newest low rates, it adds up to the best possible investment in home comfort you can make.

can't be replaced."

The third fight on Walt's list involves the loyalty of the 2.75 million people living in this area.

The line between a civic action program and a tactical operation is often slender and uncertain, and the Marines have mated the two with enough success that they are being copied by other American military units.

One effort is called the county

fair. It begins when Marines seal off an area containing one or more villages. Vietnamese troops then go through looking for Viet Cong suspects, weapons and ammunition.

Men of military age are segregated for questioning. The women, children and older men are fed, entertained and given clothing, rice and medical and dental care. One county fair six miles south of Da Nang netted 40 confirmed Viet Cong.

Texas Woman Gets 3 New Heart Valves

DALLAS, Tex. (AP) — A young Paris, Tex., mother, recently bedfast with a damaged heart, has had three valves in her heart successfully replaced.

Irene King, 26, left St. Paul Hospital, Dallas, Sunday with only the clicking of the valves opening and closing to remind her of the July 6 operation.

Rheumatic fever had so crippled Mrs. King's heart that her oxygen-starved body could not function.

ELECTRIC HOME HEATING COST CAN BE GUARANTEED BY YOUR BUILDER!

HERE ARE SOME ANSWERS TO QUESTIONS ON THIS SENSATIONAL GUARANTEE PLAN:

Q. Exactly what do you mean by a Guaranteed Electric Heating Plan?

A. It will guarantee that the annual operating cost of heating your home with Flameless Electric Heat will remain within 10% of a specific dollar-and-cents figure each year for the first three full years of operation.

Q. Who makes this guarantee?

A. Either your builder or electric heating contractor who has installed the heating system in the new home you buy, or build.

Q. Okay, but how does the guarantee work?

A. When you buy or build a new home with Flameless Electric Heat installed, you examine and approve the written operating Cost Guarantee before you make the purchase. The Guarantee will contain the estimated yearly cost of heating your home the Flameless way. The cost is clearly stated in a specific dollar-and-cents figure. When you buy the home, the Guarantee goes into effect. If any time during the first three full years you occupy your home, your yearly heating cost exceeds the estimated figure by more than 10%, your builder or electric heating contractor will reimburse you. He will also make any adjustments or changes that may be required to make your flameless heat system operate perfectly. Remember: The Guarantee is in writing... You're fully protected.

Q. And what about Electric Heat Costs?

A. Today, the cost of Flameless Electric Heat in the areas served by The Electric Company is actually 33% lower than it was in 1957. When you combine the outstanding clean comfort, complete convenience and flexibility of electric heat, with the newest low rates, it adds up to the best possible investment in home comfort you can make.

Lana Fischer, Robert Ruck Repeat Vows at Tarlton

MRS. ROBERT J. RUCK

Miss Lana Kay Fischer, daughter of Mr. and Mrs. Siegfried J. Fischer, Route 4, and Mr. Robert James Ruck, son of Mrs. Madella Ruck, Route 1, St. Marys, and the late Mr. Lee Ruck, exchanged wedding vows 2:30 p. m. July 9 in the Tarlton Methodist Church.

The Rev. Roy Wolford of the Nelsonville Church of the Nazarene and Rev. Donald Cummins of the Tarlton Methodist Church performed the double ring ceremony.

The bride, given in marriage by her father, wore a floor length gown of organza eyelet

over taffeta with a rounded neckline and long pointed sleeves. The bell-shaped skirt was accented at the waist with a taffeta cummerbund and a chapel length organza train extended from bow at the center back.

Her elbow length veil of silk illusion fell from a coronet crown accented with iridescents and pearls. She carried yellow roses and yellow lily of the valley atop a white Bible. The bride's only jewelry was a necklace, a gift of the groom.

Miss Linda Fischer, sister of the bride, was the maid of honor. The bridesmaids were Mrs. Leonard Hardman and Mrs. Lewis Wimbler, sister of the groom.

The attendants wore yellow floor-length gowns of organza over taffeta designed with rounded necklines and elbow length sleeves accented with white Venice lace at the edge. The bell-shaped skirt was accented at the waist with white Venice lace and a self rose at the back waist. Their headpieces were a forward plateau accented with pearls and veiling. The attendants wore white ivory rose pendants, a gift from the bride. They carried cascades of bronze colored roses and lily of the valley.

Mr. Lewis Wimbler, brother-in-law of the groom, served as best man. Ushers were Mr. Calvin Caywood and Mr. Fritz Ruck.

The bride's mother wore turquoise linen knit two-piece dress with white accessories. The groom's mother wore a beige eyelet over linen dress with beige accessories. The mothers wore corsages of white roses.

A reception was held immediately following the ceremony in the church. Hostesses were Miss Cathy Church, Miss Barbara Church, Miss Marilyn Church, and Mrs. Eugene Church, cousins of the bride. Miss Donna Scheiderer presided at the guest book.

A four-tier wedding cake centered the bridal table which was decorated with yellow carnations, candelabra, and ferns.

For a wedding trip to Lake Erie, the bride wore a long-sleeved light blue crepe dress with black patent accessories.

The new Mrs. Ruck is a graduate of Logan Elm High School and Columbus Business University. Mr. Ruck is a graduate of St. Marys High School and Ohio State University. He is now serving as an officer in the United States Air Force and will be stationed in Panama City, Florida, where the couple will be living after July 24.

Mrs. Madella Ruck was hostess for a rehearsal buffet at the L and K restaurant.

Miss Miller Plans To Enroll at CBU

Cynthia Anne Miller, daughter of Mr. and Mrs. Bob J. Miller, 1081 Georgia Road, has completed arrangements to enter Columbus Business University.

Miss Miller, a graduate of Circleville High School, plans to enroll in the private secretarial course at the university in September.

Miss Grabill Honor Guest at Bridal Shower

Miss Carroll Sue Grabill, bride elect of Mr. Earl Dilley, was honored with a bridal shower Saturday evening in the social rooms of the Five Points Methodist Church basement.

The room was decorated with orchid and white streamers with white wedding bells adorning the archway. A large bridal doll centered the table where the gifts were placed. Miss Grabill was seated at a table decorated in orchid and white. She was assisted by her mother, Mrs. Lloyd Grabill and her sister, Mrs. James Gossard, when she opened her gifts.

Refreshments were served from a table centered with an arrangement of orchid carnations and chrysanthemums flanked with orchid candles.

Taking part in the evening's activities were Mrs. Clyde Michel, Mrs. Herman Porter, Evonne Dickerson, Lucy Fausnaugh, Evelyn Beavers, Jean Harden, Opal Gossard, Verna Grabill, Freda Howard, Medrith Norris, Linda Norris, Martha Kay Forst, Ruth Reid, Sue Dick and Jane Moore.

Their wedding will be an event of the near future and they plan to live in their newly furnished apartment in Five Points.

Bridal Shower Conducted for Carol Huffer

Carol Ann Huffer, bride elect of James Emerine, was honored with a bridal shower in the home of Mrs. Roy Garrett, with Mrs. Gerald Hall Jr., serving as co-hostess.

The room was decorated with a pink and blue color scheme. Games were played and prizes won by Mrs. Clyde Fuller, Miss Debbie Owens, Mr. Mark Seaton, Mrs. Esther Gatrell, Mrs. Helen Emerine, Mrs. Sona Gildersleeve and Mrs. Paul Huffer.

Others present were Mrs. Esther Gatrell and Carolyn, Miss Rita Garrett, Mrs. John Hope, Mrs. Ida Malone, Mrs. Seaton and Mark, Mrs. Mabel Davis, Mrs. Jay Curry and Jimmy Mrs. Clarence Huffer, Mrs. Kenneth Dumm, Mrs. Clyde Fuller.

Sending gifts were Mrs. Clarence McGuru, Mrs. Ben Blanton, Mrs. Maria Dumm, Mrs. William Lutz, Miss Florence Lutz, Mrs. Robert Garrett, Miss Judy Blair, Mrs. Finley King, Miss Judy King, Mrs. Elizabeth Hildenbrand, Mrs. Lila Wilson, Miss Judy Bridges and Mrs. Cleveland Huffer.

A luncheon was served to the guests by the hostesses.

Personals

Linda and Diane Rhymer, daughters of Mr. and Mrs. Charles Rhymer, 1239 S. Pickaway St. and Beverly Thompson, daughter of Mr. and Mrs. Charles Thompson, 551 E. Mound St., are enjoying a week vacation at Wicker Resort on Indian Lake.

Miss Stephanie Gale Cain has returned to Ashville after spending a week's vacation with her grandmother, Mrs. Mary E. Fullen, 215 W. Main St.

Mrs. Bertha Calvert, Ashville, was honored with a birthday dinner Sunday night. Attending were Mr. and Mrs. Robert Burtner, Mr. and Mrs. Donald Hollis of Ashville, Mr. and Mrs. Doyle Calvert and daughter, Linda, of Circleville, Mike Calvert and a guest from Hamilton.

Mr. and Mrs. Bill McCormick and sons Billy and Kevin of Indianapolis, Ind., were recent guests of Mr. and Mrs. Bob Bartholomew of Stella Ave.

Quick lunch: heat cubes of cooked ham with creamstyle corn and spoon over crisp buttered toast. Serve a salad with this main dish.

Miss Gaines Mr. Leach Are Wed in St. Philip's

MRS. ABNER F. LEACH

Miss Marilyn Sue Gaines, daughter of Mr. and Mrs. Paul E. Gaines, 571 Renick Ave., and Mr. Abner F. Leach, son of Mrs. Goldie Leach, and the late Mr. Abner Leach, 315 E. Franklin St., exchanged wedding vows 7:30 p. m. June 25 at St. Philip's Episcopal Church.

The Rev. William G. Huber performed the double ring ceremony. Pre-nuptial music was presented by Miss Lois Whitaker, vocalist, accompanied by Mrs. William F. Huber, organist.

Given in marriage by her father, the bride chose a gown of white angel skin peau fashioned with a crescent neckline and a molded bodice. It was featured with elbow sleeves finished with an imported lace flounce, designed with seed pearls and crystals. The easy sheath skirt fell from the rise waistline with a removable chapel length peacock train.

She wore a matching pill box headpiece, which held her bouffant veil of imported silk illusion. She carried a bouquet of white roses and lily of the valley.

Miss Judy Vargo, Columbus, was maid of honor. She wore a yellow sheath gown of peau and a floral veil of imported silk illusion. She carried a bouquet of yellow roses.

Thomas K. Eveland served as best man. Ushers were Edward Theodore Leach and Donald E. Gaines.

The bride's mother chose a two piece pink crepe dress with white accessories and wore white roses. The bridegroom's mother wore a pink linen suit with white accessories and white roses.

Dear Abby: By Abigail Van Buren

Female Mosquito

DEAR ABBY: How come when my husband and I sit outside together, the mosquitoes go right after me, but they leave him entirely alone? My husband says it is a fact that mosquitoes prefer women to men. Is that so?

I once heard that the worse a person smells, the safer from mosquitoes he is. That makes sense to me. If you can find out anything about how mosquitoes go about selecting their victims please clue me in.

MOSQUITO-BITTEN
DEAR BITTEN: While it is said that gentlemen prefer blondes, mosquitoes prefer brunettes! And they aren't fussy about the sex. But only the female mosquito bites, so if more women than men are victims, it's poetic justice.

Mosquitoes are attracted to strong odors—good and bad, so we must infer that lady who smelling perfume is no "safer" from mosquitoes than the non-bathing onion-eater.

DEAR ABBY: My husband has had a very close friend for years. They golf, fish, and hunt together. At a bridge party recently, one of the ladies said this man cheated on his wife. I didn't believe it, so I asked my husband if he knew anything about it. He said, yes, he knew all about it.

Abby, I was hurt that my husband could have a friend like that. We have had many bitter words about it. Am I wrong to expect my husband to give up his friendship with a man like this?

HURT
DEAR HURT: Yes. The man may have other qualities your husband finds worthy of his friendship. Judge not a man until you have walked for at least twenty miles in his moccasins.

DEAR ABBY: Can you get it across to the bird brain set that it is extremely bad manners to question a divorcee about her "ex"? After 20 years of what

everyone (including me) thought was a happy marriage, my husband ran off with some doll. That was four years ago and people still ask me, "What do you hear from So and So?"

What do they expect me to hear from a man who deserted his wife and child, walked out on a lucrative business, turned his back on his parents and friends, left me with a mortgage to pay and a stack of unpaid bills?

Just before our daughter was married, people nearly drove me crazy asking, "Is her father going to give her away?" And, "Did you invite him and his wife?" But what really grabs me is when people say, "You've done beautifully, just hang on, he'll wake up and come back one day."

Who wants him back? Sincerely,

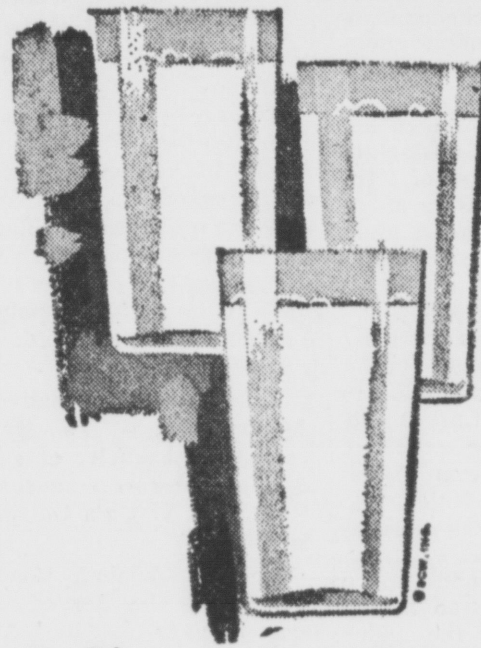

NO NAME

Guild To Meet

Berger Hospital Guild No. 45 will meet 8 p. m. Friday, in the home of Mrs. Fred McGlone, 896 Lincoln Drive.

Salt herring must be washed and soaked overnight in water to cover before using.

Lana Fischer, Robert Ruck Repeat Vows at Tarlton

MRS. ROBERT J. RUCK

Miss Lana Kay Fischer, daughter of Mr. and Mrs. Siegfried J. Fischer, Route 4, and Mr. Robert James Ruck, son of Mrs. Madella Ruck, Route 1, St. Marys, and the late Mr. Lee Ruck, exchanged wedding vows 2:30 p. m. July 9 in the Tarlton Methodist Church.

The Rev. Roy Wolford of the Nelsonville Church of the Nazarene and Rev. Donald Cummins of the Tarlton Methodist Church performed the double ring ceremony.

The bride, given in marriage by her father, wore a floor length gown of organza eyel

Mrs. Wright Hostess for Guild No. 30

Berger Hospital Guild No. 30 met in the home of Mrs. Harry Wright, Route 1, with 13 members and five guests present.

Guests were Mrs. Janice Rittinger, Mrs. Ellen Rittinger, Mrs. Gladys Shepler, Mrs. Sue Collins and Miss Barbara McKenzie.

Mrs. Betty Kerns, president, conducted the business meeting and Mrs. Blanche Kerns gave the secretary's report.

Mrs. Betty Kerns won the chance gift brought by Mrs. Zelma Bower.

The remainder of the evening was spent playing euchre. Mrs. Yvonne Duleson won the lone hand package. Mrs. Sue Collins won first prize. Mrs. Ellen Harcourt second and Mrs. Tacie Dumm, third.

The August meeting will be held in the home of Mrs. Berdine Gifford, Route 1. Mrs. Duleson will bring the chance gift.

Scioto Chapel Society Meets in Parish House

The Scioto Chapel Women's Society held their July meeting in the church Parish House.

Mrs. Henry Hansen led the devotions and a hymn was sung by the group, followed with a prayer by Mrs. Hansen. Mrs. Lucy Fausnaugh, president, conducted the business meeting and reports were given and approved. A discussion on coming events was scheduled for a later date.

Mrs. John Morgan opened the program with the reading of a poem and two articles by Mrs. Cecil Ward. Two poems were read by Mrs. Hansen and Mrs. Raymond Hot. A gift exchange contest was observed.

A dessert course was served to 18 members and seven guests by the hostesses, Mrs. C. W. Hedges, Mrs. John Koch, Mrs. Nelson Florence and Mrs. Hansen.

Flake canned salmon and add to mashed potatoes; shape into patties; dip in slightly beaten egg and bread crumbs and fry until heated through and browned.

Miss Grabill Honor Guest at Bridal Shower

Miss Carroll Sue Grabill, bride elect of Mr. Earl Dilley, was honored with a bridal shower Saturday evening in the social rooms of the Five Points Methodist Church basement.

The room was decorated with orchid and white streamers with white wedding bells adorning the archway. A large bridal doll centered the table where the gifts were placed. UNDEFEATED DERBY NINE — The Derby Pony League team has a perfect 10-0 record in the Fair-Pick League this year. Members of the team are, kneeling, left to right: Richard Riddle, Tom Hawker, Mike Allen, Dave Scribner, Bobby Musselman, Rod Davis, Rick Marner. Standing — Russ Williams, manager; Rose Marie Bauhan, scorekeeper; Daryl Haney, Don Combs, Gene Carfrey, John Furniss, Eddie Bauhan. Not present for the photo was Mike Bayes.

GE, Deeds Win Tilts in Girls Loop

General Electric defeated J. W. Eshelman and Sons, 19-8, and Deeds Dairy topped DuPont, 21-14, in Circleville Girls softball games Monday.

Brenda Turner paced the winners at the plate, collecting four hits in five trips. She walked a homerun, two triples and a single.

Other extra base hits for the winners were a triple and a double by Diana Strous, a triple by Connie Sowers and doubles by Teresa Ankrom, Eileen England and Cindy Christman. Sally Long was the winning pitcher.

For the losers, Boo Cook, Glenda Wooten and Susan Moore all hit doubles.

Sharon Archer was the winning hurler for Deeds, fanning three and scattering 27 hits.

Marsha Long suffered the loss for the Chemicals, striking out two and being touched for 42 hits.

Mary Beth Rhoads led the offensive charge of the winners with a pair of three baggers. Cracking doubles were Marion Brehmer, Jackie Leasure, DeLores Russell, Sharon Archer, Deena Strous, Martha Moore and Mary Beth Rhoads.

DuPont sluggers were Sherrie Bumgarner with a homer and Debbie Spangler, Marsha Long and Jody Steele with triples.

Tri County Little League Ends First Year of Action

The Tri-County Baseball League wrapped up its season Monday with a full slate of games.

League leading Stoutsville downed the Laurelville Boosters, 13-9; Laurelville Merchants topped Clearcreek, 16-5; Saltcreek bested Pickaway, 16-9; and Washington defeated Amanda, 14-2.

Washington played its best game of the season according to their coach as Gary Francis limited the losing Amanda nine to two hits and lashed five himself in five times at bat.

Doug Barnett blasted a double and a bases-loaded triple. For Amanda, Rod Miller started on the mound, walked seven and allowed four hits. He was relieved by Rob Knott who walked two, whiffed seven and gave up six hits.

SALT CREEK'S third victory of the year came on the combined pitching efforts of Mike and Alex Jones. Alex, the winning hurler, fanned three, walked two and gave up five runs in two innings. Mike pitched four innings, fanning three, walking one and allowing four runs.

Extra base hits for the winners included a pair of triples by Bob Brown, and doubles by Jack Randle, Ron Stevens and Chuck Karshner. For Pickaway Kenneth Kurtz blasted two doubles, Timmy Search and Jess Hall connected for one two base hit each.

Laurelville Merchants scored four runs in the first inning.

FINAL STANDINGS		
	W	L
Stoutsville	13	1
Washington	12	2
Amanda	8	6
Laurelville Boosters	8	6
Laurelville Merchants	3	11
Saltcreek	3	11
Pickaway	3	11
Clearcreek	1	13

Ankrom Unit 16-3 Victors In Mosquito

Ankrom Lumber temporarily moved into sole ownership of second place in the Mosquito League Monday by knocking off Block's Shoes, 16-3.

The Lumbermen, who were tied with Hill Implement and Cooks Insurance, stand half a game over their rivals with 7-2 record. K of C has already copped the loop crown with eight straight wins.

Jeff Hawks went the distance for the winners. He fanned 11 and allowed only two hits.

Brent Mancini hurled for Block's, scattering 15 hits and whiffing 10.

Hawks also led the offensive charge for Ankrom's with a triple. Ron Miller doubled for the winners.

John Payne doubled and Mancini singled for Block's.

Chris Pettit of Huntington, N.Y., will captain Army's lacrosse team next season. Last spring he led the team in scoring with 19 goals and 19 assists.

Third Bank Trips Savings In 10-3 Tilt

Third National Bank maintained pressure on Kochheiser Hardware Monday by thumping the Savings Bank, 10-3, in the Pony League.

The Third Bankers are in second place at 9-2, with one game remaining. Kochheiser, in the top spot with a perfect 9-0 slate, has three games remaining.

Tom Bowers went the distance on the mound for the winners. He issued only two walks while fanning nine and holding the Savings Bank to six hits.

Rickey Jacobs started for Savings and was relieved by Billy Thomas in the first after giving up three runs. Thomas turned in a fine relief performance, striking out 10 batters.

DAVE SKAGGS homered for the winners. Dick Walters added a pair of triples and Mike Webb doubled.

For the Savings Bank, Dave Dresbach tripled and doubled.

Derby Wins Eastern Half Of Fair-Pick Pony League

The Derby Pony League baseball team has wrapped up the eastern division of the Fair-Pick League with a 10-0 record and is slated to meet West Jefferson soon for the championship.

Lema Crash Clues Sought By Probers

LANSING, Ill. (AP) — A Civil Aeronautics Board investigative team searched today for new clues to the crash of a private plane that killed world golfing star Tony Lema, his wife and two other persons.

George Green, CAB field superintendent, said investigators were looking into the possibility of engine failure as the cause of the crash.

The twin-engine craft was en route to the Chicago-Hammond Airport from Akron, Ohio, where Lema had just completed play in the PGA tourney.

The pilot, Mrs. Doris Mullen, 43, of Joliet, Ill., and the copilot, Dr. George Bard, 41, of Kankakee, Ill., also died when the small plane plunged into the ground at a golf course and burst into flames.

"We are going to look into reports from several sources," Green said Monday, "that there was trouble in the power system (engines). We don't have a weather problem or a darkness problem. So investigation may be made somewhat easier than some because we have a few things we can eliminate."

Mullen said the plane made a swing around the field, with no indication of trouble, but one or both engines cut out as it glided low over the nearby golf course, then started briefly.

When the engines died the second time, the plane descended, swerved to avoid a group of people, struck the ground and bounded into the edge of lagoon where it exploded in flames.

Game Forfeited

General Electric added another win to its record Monday when Logan Elm's Babe Ruth baseball team failed to appear for a game.

It was the second tilt Logan Elm has forfeited. General Electric is leading the Babe Ruth standings with a 10-1 record.

Derby's last win was a 19-0 win over Darbydale. Don Combs hurled a three hit shut-out, striking out 15 opposing batters.

The Derby pitching staff, headed by Combs and Gene Carfrey, has pitched 66 innings, fanning 150 batters and allowing only seven earned runs.

The Derby batters have gained a total of 93 hits.

LEADING hitters are John Furniss, .857; Gene Carfrey, .656; Daryl Haney, .411; Don Combs, .400; Rich Maurer, .357; Mike Bayes, .346.

The team is coached by Russ Williams and Eddy Bauhan.

Westfall Pony League Tourney Slated Sunday

The Westfall Invitational Pony League Tournament is scheduled to get under way 1 p. m. Sunday at Westfall under the auspices of the Monroe Community Men's Club.

Teams scheduled to compete include Circleville All-Stars, Darbydale, Bloomingburg, Harrisburg, Columbus Western Cafe, Fairfield and Monroe.

Circleville meets Darbydale 1 p. m. Sunday in the first game of the tournament. The second game, scheduled 3 p. m. pits Bloomingburg and Harrisburg and at 5 p. m. Columbus Western Cafe tangles with Fairfield.

Monroe drew a bye in the first round.

The second round is scheduled Aug. 6 with the consolation and championship games slated Aug. 7.

Gillis Conley is the tournament manager.

Purina Edges BPO Elks, 9-8

Ralston Purina edged BPO Elks, 9-8, Monday in Little League Major action.

The win boosts Purina's record to four wins and nine losses. The Elks have a 3-10 mark for the season.

Goalby Cops Top Honors In Pro-Am

COLUMBUS, Ohio (AP) — Bob Goalby, onetime Illinois football quarterback, birdied five of the first 11 holes and won the Columbus Invitational Pro-Am Golf Championship, with a \$1,000 top prize Monday.

Goalby carded a 4-under-par 67, edging Gene Littler, Mason Rudolph and Ray Floyd who had 68s.

Arnold Palmer was alone at 69, followed by newly crowned PGA champion Al Geiberger at 70 as the only other par-buster.

Jack Nicklaus matched par 71 on his home course, as did Joe Campbell, Bert Yancey, Johnny Pott and Dow Finsterwald. So did amateur Ed Sneed of Ohio State University's golf varsity.

Pro Tom Weiskopf of Columbus needed 79 strokes but cashed in as a winner when his three amateur partners, helped by their handicaps, teamed with him for a best ball 57. Weiskopf earned \$800 for that, edging Rudolph's team by a stroke.

The one-day \$15,000 charity event attracted a crowd estimated at 13,000 at Scioto Country Club.

Hillsboro Pacer Cops Scioto Downs Feature

COLUMBUS, Ohio (AP) — Plucky Boy, 18-1 in the first race, and Duke Lind, 14-1 in the second, won and combined for Scioto Downs' second highest daily double of the season Monday night, \$442.40.

The \$1,000 pace featuring the night's harness racing card was won by Old Joe Knight, paying \$3.80, \$2.80, \$2.20. Owned and driven by Jim White of Hillsboro, Old Joe held off a late charge by Little Brother B. and prevailed by a length.

GE, Deeds Win Tilts in Girls Loop

General Electric defeated J. W. Eshelman and Sons, 19-8, and Deeds Dairy topped DuPont, 21-14, in Circleville Girls softball games Monday.

Brenda Turner paced the winners at the plate, collecting four hits in five trips. She walked a homerun, two triples and a single.

Other extra base hits for the winners were a triple and a double by Diana Strous, a triple by Connie Sowers and doubles by Teresa Ankrom, Eileen England and Cindy Christman. Sally Long was the winning pitcher.

For the losers, Boo Cook, Glenda Wooten and Susan Moore all hit doubles.

Sharon Archer was the winning hurler for Deeds, fanning three and scattering 27 hits.

Marsha Long suffered the loss for the Chemicals, striking out two and being touched for 42 hits.

Mary Beth Rhoades led the offensive charge of the winners with a pair of three baggers. Cracking doubles were Marion Brehmer, Jackie Leasure, Debra Russell, Sharon Archer, Deena Strous, Martha Moore and Mary Beth Rhoades.

DuPont sluggers were Sherrie Bumgarner with a homer and Debbie Spangler, Marsha Long and Jody Steele with triples.

Goalby Cops Top Honors In Pro-Am

COLUMBUS, Ohio (AP)—Bob Goalby, onetime Illinois football quarterback, birdied five of the first 11 holes and won the Columbus Invitational Pro-Am Golf Championship, with a \$1,000 top prize Monday.

Goalby carded a 4-under-par 67, edging Gene Littler, Mason Rudolph and Ray Floyd who had 68s.

Arnold Palmer was alone at 69, followed by newly crowned PGA champion Al Geiberger at 70 as the only other par-buster.

Jack Nicklaus matched par 71 on his home course, as did Joe Campbell, Bert Yancey, Johnny Pott and Dow Finsterwald. So did amateur Ed Sneed of Ohio State University's golf varsity.

Pro Tom Weiskopf of Columbus needed 79 strokes but cashed in as a winner when his three amateur partners, helped by their handicaps, teamed with him for a best ball 57. Weiskopf earned \$800 for that, edging Rudolph's team by a stroke.

The one-day \$15,000 charity event attracted a crowd estimated at 13,000 at Scioto Country Club.

Hillsboro Pacer Cops Scioto Downs Feature

COLUMBUS, Ohio (AP)—Plucky Duke, 18-1 in the first race, and Duke Lind, 14-1 in the second, won and combined for Scioto Downs' second highest daily double of the season Monday night, \$442.40.

The \$1,000 pace featuring the night's harness racing card was won by Old Joe Knight, paying \$3.80, \$2.80, \$2.20. Owned and driven by Jim White of Hillsboro, Old Joe held off a late charge by Little Brother B. and prevailed by a length.

Circleville, Ohio

Tri County Little League Ends First Year of Action

The Tri - County Baseball League wrapped up its season Monday with a full slate of games.

League leading Stoutsville downed the Laurelville Boosters, 13-9; Laurelville Merchants topped Clearcreek, 16-5; Saltcreek bested Pickaway, 16-9; and Washington defeated Amanda, 14-2.

Washington played its best game of the season according to their coach as Gary Francis limited the losing Amanda nine to two hits and lashed five himself in five times at bat.

Doug Barnett blasted a double and a bases-loaded triple. For Amanda, Rod Miller started on the mound, walked seven and allowed four hits. He was relieved by Rob Knott who walked two, whiffed seven and gave up six hits.

SALT CREEK'S third victory of the year came on the combined pitching efforts of Mike and Alex Jones. Alex, the winning hurler, fanned three, walked two and gave up five runs in two innings. Mike pitched four innings, fanning three, walking one and allowing four runs.

Extra base hits for the winners included a pair of triples by Bob Brown, and doubles by Jack Randle, Ron Stevens and Chuck Karshner. For Pickaway Kenneth Kurtz blasted two doubles, Timmy Search and Jess Hall connected for one two base hit each.

Laurelville Merchants scored four runs in the first inning.

WHS Coach Resigns Job

Joe Duncan, Westfall High School football coach for the past year, has resigned to accept a coaching position at Gallipolis. It was announced today by Judson Lanman, executive head of the school district.

Duncan is a graduate of Gallipolis High School.

The Westfall Board of Education is accepting applications for a grid coach, Lanman said.

Two Tourneys Held at PCC

The winners in two tournaments held at the Pickaway Country Club during the week-end were announced today.

Winning the low gross event was Tim Dickinson with 69. Bud Hritz was second with 71.

In the low net tourney George Roush fired a 63 for top honors. Charles Smith placed second with 65.

In a blind bogey tournament Don Dowling, Vern Hawks and Bill Heiskell topped honors with winning 77's.

Doby Named Specialist In Teen-Age Safety

NEWARK, N.J. (AP)—Larry Doby, former hard-hitting outfielder with the Cleveland Indians, was appointed an investigator Monday in the Essex County, N.J., prosecutor's traffic safety program.

Doby, 41, will be paid \$8,800 a year as a specialist in teen-age safety.

Ankrom Unit 16-3 Victors In Mosquito

Ankrom Lumber temporarily moved into sole ownership of second place in the Mosquito League Monday by knocking off Block's Shoes, 16-3.

The Lumbermen, who were tied with Hill Implement and Cooks Insurance, stand half a game over their rivals with 7-2 record. K of C has already copped the loop crown with eight straight wins.

Jeff Hawks went the distance for the winners. He fanned 11 and allowed only two hits.

Brent Mancini hurled for Block's, scattering 15 hits and whiffing 10.

Hawks also led the offensive charge for Ankrom's with a triple. Ron Miller doubled for the winners.

John Payne doubled and Mancini singled for Block's.

Chris Pettit of Huntington, N.Y., will captain Army's lacrosse team next season. Last spring he led the team in scoring with 19 goals and 19 assists.

Third Bank Trips Savings In 10-3 Tilt

Third National Bank maintained pressure on Kochheiser Hardware Monday by thumping the Savings Bank, 10-3, in the Pony League.

The Third Bankers are in second place at 9-2, with one game remaining. Kochheiser, in the top spot with a perfect 9-0 slate, has three games remaining.

Tom Bowers went the distance on the mound for the winners. He issued only two walks while fanning nine and holding the Savings Bank to six hits.

Rickey Jacobs started for Savings and was relieved by Billy Thomas in the first after giving up three runs. Thomas turned in a fine relief performance, striking out 10 batters.

DAVE SKAGGS homered for the winners. Dick Walters added a pair of triples and Mike Webb doubled.

For the Savings Bank, Dave Dresbach tripled and doubled.

1. Card of Thanks

We wish to extend our sincere
appreciation to the many relatives,
friends and neighbors for their
kindness, cards, prayers, sym-
pathy and floral tributes extended to
us at the passing of our beloved
husband and father, G. Guy Camp-
bell. Also to Defenbaugh Mortuary
and anyone who made our grief
easier to bear.
The wife, Mrs. Campbell and
family.

We wish to express sincere ap-
preciation to our relatives, friends
and neighbors for their kindness,
messages of sympathy and beau-
tiful floral offerings during the ill-
ness and death of our father, Har-
ry A. Kern. Special thanks to Dr.
Lutz, Rev. Richard Maurer and
Snyder Funeral Home for their ser-
vices.
Children of Harry A. Kern

Some Signs Indicate Boom Due To Continue

NEW YORK (AP) — Some
key economic indicators pointed
down this past week, but there
were other signs business would
boom along as usual.

Reports during the week
showed new orders for durable
goods and housing starts
dropped in June. The rate of
growth of the gross national
product dipped, construction
spending fell. And steel produc-
tion was off.

On the plus side were a rise in
exports, record industrial
production, a flock of rosy earn-
ing reports — many of them
records — and two midyear sur-
veys forecasting continued
strength in the economy.

Personal income in June
climbed \$3.4 billion to a record
\$576.4 billion at an annual rate.
But living costs also went up
three-tenths of one per cent,
rounding out the biggest six
months of rising prices in eight
years.

The rise brought living costs
up 1.7 per cent the first half of
1966. It lifted the government's
consumer price index to 112.9,
meaning it took \$11.29 in June to
buy consumer items worth \$10
in the base period of 1957-59.

The airline strike, heading
into its third week, cast a
lengthening shadow over some
sectors of the economy as Presi-
dent Johnson prodded the nego-
tiators.

Housing starts during June
dropped to their lowest level in
more than five years — falling
to an annual rate of 1,288,000. It
was the third straight monthly
drop in housing starts which
totaled 1,542,700 last year.

The drop prompted the Na-
tional Association of Home
Builders to call a meeting in
Washington for July 27 to lobby
for more mortgage money and
discuss depressed housing con-
ditions. The association has said
the industry was an artificial
goat in the administration's
drive to stem inflation.

At a news conference, Presi-
dent Johnson said "we're seri-
ously concerned with the plight
of the home builders." He sug-
gested Congress act on a Treas-
ury-proposed bill setting a tem-
porary ceiling on interest rates
that banks and savings and loan
associations—a key source of

mortgage money — pay to
small savers.

New orders for durable goods
dropped slightly during June to
\$21.1 billion on an annual basis.
This compares with a rate of
\$24.2 billion during both April
and May. The factory orders
are a key guide to future output.
Meanwhile, the backlog of un-
filled orders continued to rise.

Second quarter growth of the
gross national product

Casey, Ted Reminisce At Hall of Fame Rites

COOPERSTOWN, N.Y. (AP) — Casey Stengel paused for a deep breath while Ted Williams leaned over to whisper in Joe Cronin's ear and laughed.

"I once hit against Walter Johnson," Stengel started up again while the record crowd of 6,000 soaked up every word at Cooper Park, behind the Hall of Fame building.

Stengel, 75, and Williams, 47, were being formally inducted into the Hall Monday and this quaint, historic community was bulging at the seams.

"It was after the season," Stengel went on. "I was hitting about third or fourth in the National League and thought I was some hitter. They had a special homecoming day for Johnson at Coffeyville (Kan.). They came out in buggies to watch Johnson pitch a 1-0 shut-out.

"The next morning the Kansas City Star story read 'Casey Stengel's inability to hit in the pinches lost the game.' This is my home town, you know. I was supposed to be quite an athlete — football and basketball player.

"There was only one fella got

on base all day — Pete Kilduff. So I told him 'You're to blame for the whole thing; if you hadn't got on base, I couldn't have failed to hit in the pinch es.'

The laughter rolled over the grassy plain and spilled into the shade trees on the fringes where some lucky people huddled to beat the heat.

Stengel's oration hit all the stops. He opened with Babe Ruth and worked his way through Grover Cleveland Alexander, Johnson, Joe McCarthy, Bill Terry, Joe Cronin, Joe Engel ("He'd trade a dog for a dog") and wound up with Bill Dickey, Yogi Berra, Williams and the Mets.

"That Williams would stare at a pitcher when he was warming up and he already had attack-

ed that man. He was the most aggressive hitter I ever saw," Casey said. "After Bobby Doer left the Red Sox, I told my Yankee pitchers never to throw the ball over the plate to Mr. Williams. We tried to get him to go for the ball but his judgment, standing sideways was better than the umpires standing straight."

Williams, wearing a neat white sport shirt, buttoned at the neck but with no tie, impressed the assemblage with his fine talk. He gently cued the writers with whom he often feuded and found time to thank his coach on the San Diego playgrounds, his school coach and managers under whom he played in the majors and minors.

He also singled out the late Eddie Collins, Hall of Famer, and owner Tom Yawkey of the Red Sox for special attention.

Ted put in a pitch for future Hall of Fame membership for Satchel Paige and Josh Gibson "as a symbol of the great Negro players that are not here only because they were not given a chance."

Williams obviously was impressed by the occasion, as was Stengel. Ted couldn't resist a jab at the press.

"I guess every player thinks about going into the Hall of Fame," he said. "I find it difficult to say what is really in my heart, but I know it's the greatest thrill of my life."

"I received 280 odd votes (282 of a possible 302) from the writers. I know I didn't have 280 close friends among the writers. I know they voted for me because they felt in their minds, and some in their hearts, that I rated it and I want to say to them 'thank you.' Thank you from the bottom of my heart."

The St. Louis Cardinals beat the Minnesota Twins 7-5 in the annual Hall of Fame exhibition game at Doubleday Field.

Whitfield's Hit Strategy Is Simple

He Just Swings;
Gets 2 Homeruns
To Trip Senators

By THE ASSOCIATED PRESS

Fred Whitfield's philosophy of hitting is strikingly simple.

"I just go up there and swing at anything that's moving," says the Cleveland first baseman.

Whitfield caught a pair of moving pitches Monday night and walloped his 17th and 18th home runs of the season leading the Indians to a 6-3 victory over the Washington Senators.

His uncomplicated approach to the fine art of batting leaves Whitfield's teammates dazzled. "He's like Superman," says little Vic Davalillo. "He was born to hit," says outfielder Jim Landis. "I don't know anybody like him. There isn't a pitcher he can't hit."

Leon Wagner, no slouch with the bat himself, probably sums Whitfield up best. "He has no style," says Wagner. "He just hits."

His style was contagious against the Senators. After he broke a 3-3 tie with his seventh-inning homer off Mike McCormick, Joe Azcue tagged the next pitch for another homer.

Whitfield's second homer of the night, leading off the ninth inning, wrapped up Cleveland's scoring.

Whitfield and Azcue had three hits apiece as the Indians moved into third place in the American League, one game back of Detroit. Idle California slipped to fourth, one-half game back of the Indians.

In the National League Monday, San Francisco closed with two percentage points of first-place Pittsburgh with a 2-1 victory over the Pirates behind Juan Marichal. New York beat Houston 6-4 and Los Angeles defeated Philadelphia 6-3.

Sonny Siebert, who no-hit to Senators last month, scattered nine hits including a two-run homer by Bob Saverine. Siebert went the distance for his 10th victory.

Baltimore, holding a commanding 12-game lead, entertains Cleveland tonight as the rest of the American League swings back into action. The Orioles will pitch Steve Barber against Gary Bell.

IN THE COURT OF COMMON PLEAS.

PICKAWAY COUNTY, OHIO
James D. Butt
Ada F. Butt,
Plaintiffs,
vs.
William Anderson, et al.,
Defendants.

Case No. 24541
Notice of Publication

William Anderson, whose place of residence is 331 Central Avenue, Louisville, Kentucky; George Anderson, whose place of residence is unknown; Lillian Anderson, whose place of residence is unknown; the unknown heirs and devisees of George Anderson, deceased, or George Anderson, himself, if he be living, whose places of residence are unknown; the unknown heirs and devisees of Lillian Anderson, deceased, or Lillian Anderson, herself, if she be living whose places of residence are unknown; and the unknown heirs and devisees of William Anderson, deceased, ancestor to the William Anderson named as one of the defendants in plaintiffs' petition whose places of residence are unknown, will take notice that on the 10 day of June, 1966, the undersigned, James D. Butt and Ada F. Butt filed their petition against you in the Court of Common Pleas of Pickaway County, Ohio, praying for partition of the following described real property, situated in the State of Ohio, County of Pickaway, Township of Jackson and described as follows: Being the same premises that were partitioned to James M. Bear in the case of George W. Rector and wife vs. Sarah Jane Nevins, et al., in Pickaway County Common Pleas Court, beginning at a letter 'A' on said plat to two white oaks corner to John Rector's land; thence N. 13 1/2 deg. W. 277 poles to a stone and mulberry bears N. 89 1/2 deg. E. 21 links distant; thence S. 13 1/2 deg. E. 287 poles to a stone in the original survey line; thence S. 80 1/2 deg. W. 68 poles to the beginning, containing 12 1/2 acres of land more or less, being part of Survey Nos. 5223, 6376, and 7253.

Also 126 1/2 acres of land more or less, being the same premises that were partitioned to the said George W. Rector and Elizabeth B. Rector his wife, in the above mentioned case and bounded and described as follows: Beginning at the letter 'A' on said plat at two white oaks; thence N. 62 deg. W. 199 poles to a stone and elm bears N. 71 deg. E. 43 poles to two ash and hickory; thence N. 19 deg. W. 131-1/4 poles to a stone; thence N. 72 1/4 deg. E. 8 poles to a stone from which a double hickory bears S. 52 deg. E. 40 links distant and also an elm bears S. 44 1/4 deg. W. 37 links distant; thence S. 13 1/2 deg. E. 277 poles to the beginning, EXCEPTING THEREFROM, 102 acres and 6 rods sold by the said George W. Rector and wife to N. J. Turney by deed dated October 6, 1896, and recorded in Book No. 38, page 432 Records of Pickaway County, Ohio, leaving 24 acres 77 poles of land more or less, which it is intended hereby to convey.

You are required to answer the said petition by the 10th day of August, 1966, or judgment by default will be rendered against you.

CLEANING THOSE FISH...
PRETTY MESSY AND NEED QUITE A FEW NEWSPAPERS IF YOU DO IT AT HOME. ONE SUGGESTION—USE A MAGAZINE AND CLEAN A FISH ON EACH PAGE.

IT'S EASIER TO SCALE THE FISH WHEN THEY'RE WHOLE, BEFORE FILLETING THEM.

USE A SHARP KNIFE FOR FILLETING AND CUT TOWARD THE TAIL.

IF CLEANING AFTER CATCHING, DO IT ALONG EDGE OF RIVER OR WATER, AND DON'T LEAVE EVERYTHING IN A MESS.

OUR BASIC BUSINESS

is making the best prescriptions... with the newest drugs and latest knowledge... as your doctor dictates.

Andrea Doria Disaster Of 1956 Is Recalled

NANTUCKET, Mass. (AP) — "We have collided with another ship. Please. Ship in collision." Ten years ago today, at 10:09 a.m., the liner Andrea Doria, pierced by the great steel prow of the motor vessel Stockholm, sank in the Atlantic 45 miles south of Nantucket.

Fifty-one lives were lost. Some 1,600 were saved.

The first distress message cracked from the Stockholm at 11:22 the night before. Seconds earlier, the bow that was specially reinforced for the winter ice of Scandinavian harbors had ripped into the starboard side of the pride of the Italian Line.

In cabin class on the starboard side was Leonilda Ranieri, then 72, of Beverly, Mass. She talks about the sailor who "made me creep like a frog" along the deck as the liner listed heavily to starboard. She also recalls the sailor who smashed the window in the bar and distributed cognac to the passengers, chilled and wet in the Atlantic mist.

"I was not afraid then," she said. "Then after I am home, I start to dream. Oh, I remember everything, and every night I think about it, and I am scared. So I went back, two years later, on the Cristoforo Colombo. It is the sister ship. And then I am not afraid any more."

The Stockholm that night was eastbound to Europe from New York. The Andrea Doria, built three years before at a cost of

\$30 million, furnished with paintings by Rembrandt, laden with negotiable bonds, jewels, valuable cargo and a special car built for Chrysler Corp. in Italy, was westbound from Naples.

The Stockholm later limped back to New York with \$1 million damage to its prow.

Dozens of ships were in the collision area and responded as the Stockholm radioed another distress call at 12:08 a.m. "Collided with another vessel in position 40-34 north, 69-45 west. But still undetermined damage."

Aboard the liner, Clarence H. Gifford Jr. of Providence, R.I., was collecting his four children and his wife and ushering them onto the sloping deck.

New Bride, Sister Are Found Slain

WARSAW, Ind. (AP) — A bride of one month and her 17-year-old sister were stabbed and beaten to death in a lake cottage by a killer who took a shower and placed bloody clothing in laundry bag before fleeing, police said today.

The bodies of Mrs. Marilee Wolf, 30, and her sister, Gayle Gaunt, were discovered in the cottage on Lake Tippecanoe 6 miles northeast of here Monday night.

Mrs. Wolf had been stabbed at least 15 times in the chest and abdomen with an ice pick. Her sister was beaten on the head, and possibly stabbed.

Authorities issued a pickup order for Mrs. Wolf's husband, Steven Wolf, 30, Marion, Ind. He was last seen at the cottage Monday morning, when neighbors heard a disturbance.

Drag Racing Law Due for Court Test

CLEVELAND (AP) — The sentencing of one of two men convicted of drag racing that led to a traffic fatality may lead to a challenge of the constitutionality of Ohio's drag racing law.

Sentenced to one to 20 years in the Ohio State Reformatory at Mansfield was Robert J. Smigel, 22, Cleveland.

Cuyahoga County Common Pleas Judge Herbert R. Whitling, who sentenced Smigel Monday, said Smigel had a record of six traffic violations in 1964.

Smigel was accused of drag racing with Phillip C. Atherton, 27, Brook Park. Atherton, who had a record of only one minor traffic offense, was sentenced to six months in the Warrensville Workhouse.

The two men are accused of drag racing in Garfield Heights May 9, 1965, when their autos collided into a car, killing Joseph T. Sanka, 66.

Bond for the Atherton and Smigel was continued at \$2,500 pending an appeal.

Defense lawyers said they would challenge the constitutionality of Ohio's drag racing law.

11 Antipoverty Plans Get Nod

COLUMBUS, Ohio (AP) — Antipoverty projects got a boost Monday in Ohio with announcement of approval of federal funds totaling \$587,079 for 11 programs.

An "Operation Groundwork" project in Adams and Brown counties got the largest share with \$135,075 approved for Adams-Brown Economic Opportunity, Inc. The nine-month project is designed to train and upgrade 50 chronically unemployed men for jobs in industry.

Other miscellaneous grants included \$122,926, Warren and Trumbull counties; \$76,005, Hamilton; \$58,437, Fremont; \$46,559 Mansfield; \$34,423 New Philadelphia; \$31,214, Springfield; \$30,332, Jackson - Vinton counties; \$23,726, Columbiana County; \$23,540, Delaware-Madison Union counties.

Ohio GOP Bloc Opposes Measure

WASHINGTON (AP) — "An affront to the Rules Committee of this House and the rules of this House," Rep. Delbert L. Latta of Bowling Green said as he and all fellow Ohio Republicans voting said "nay" in a losing cause.

The 13 Ohio Republican congressmen recorded were on the minority side Monday when the House decided 200-180 to bypass the Rules Committee on the wide-ranging administration-sponsored Civil Rights measure.

The committee had scheduled no hearings on the bill since receiving it June 30. It contains open housing, jury selection and antiterrorism provisions.

New Citizens

MASTER HARTLEY
Mr. and Mrs. H. B. Hartley, Route 4, are the parents of a 7-pound 5-ounce son, born 6:06 a. m. Tuesday at Berger Hospital.

Logan Elm Book
To Be Distributed
The 1965-66 yearbook of Logan Elm High School, The Skandha, will be distributed from 10 a. m. until 2 p. m. Thursday at the school.

Receipts must accompany all pickup orders.

Plastic covers also will be sold Thursday for the annuals.

Views on TV - Radio

By PAUL HENNING
(For Cynthia Lowry)
EDITOR'S NOTE—Paul Henning, producer, creator and sometimes script writer, of three hit television shows — "Beverly Hillsbillies," "Petticoat Junction" and "Green Acres" — reveals the recipe for success. But it is harder to follow than to read.

HOUSE SPEAKER MEETS CANDIDATE — John McCormack (right), speaker of the House of Representatives, greets John W. Reno, Democratic candidate for Representative to Congress from Ohio's Sixth District. Reno arrived in Washington D. C. Tuesday for the three-day Democratic Campaign Conference. Democratic candidates for Congress from all over the United States are to attend the session. The district Reno is seeking to represent includes Pickaway County. He is a resident of Lucasville.

HOLLYWOOD (AP) — Apparently I'm reputed to have some sort of "sure fire" formula for creating TV shows. Believe me, in fifteen years of trying the only thing I've found to be "sure fire" about TV shows is that nothing is sure fire!

A TV series is always a calculated gamble with the ever looming possibility that the most promising production can turn into the flop of the year when it hits the reality of a time period.

7 Ohioans Due To Receive Carnegie Hero Citations

The producer of a series is up against some pretty frightening odds. Each season upwards of 200 new pilot films are made at an aggregate cost of some \$50 million. Out of these, less than one-fourth find their way on the air and less than half of those stay on! That kind of mortality rate makes producing TV pilots about as risky as defusing bombs!

PITTSBURGH, Pa. (AP) — Seven Ohioans were named by the Carnegie Hero Fund Commission today to receive bronze medals and \$750 awards each for acts of heroism — five of them for rescuing a 45-year-old school teacher from a crashed and burning airplane in Athens on May 9, 1965.

We're pleased that our three entries are currently enjoying audience popularity, but I'm certainly not claiming to have discovered any magic formula.

The awards in the Athens case went to Durwood L. Lewis, 18, Rt. 2, Morrow, Ohio; Ronald E. Ziegler, 21, Athens; Richard E. Barr, 24, St. Clairsville; Edwin D. Walford, 21, Bridgeport, and Dr. E. Dale Mattmiller, 39, Athens.

True, these three shows utilize a rural-city theme, and there's a reason for that. The country scene, with its pleasant tempo, its peaceful and simple way of life which makes particularly warm and human relationships between people possible, is rapidly disappearing. As our lives become more and more automated, more and more complicated, less personal, people naturally feel a nostalgia for the serenity of the small community country life. There's a yearning for rural simplicity even by people who've never been to the country.

All figured in the rescue of James T. Artry who suffered burns and other injuries but recovered after his plane crashed and burned at the Ohio University Airport.

The five fought their way through flames to rescue Artry.

Merrill Lee Sears, 24, Jackson, a telephone lineman, received the medal and the cash award for saving Gerald D. Bailey, 20, another lineman, from death by electric shock in Columbus June 8, 1965.

Bailey had been working atop

But a premise, no matter how interesting or appealing it is, is never enough to insure the success of a show. It's really the least important element of a number of important elements.

Creating characters is an important part of hitting the series jackpot. You've got to create characters that the audience will care enough about to want to see every week.

Once you've developed the characters, you've got to cast them properly. You've got to bring them to life before the camera the way you've visualized them in your imagination.

Next get good scripts — well-paced, rich in humor and with an element of truth — and you're on your way to holding your time period.

It sounds simple enough. Will it be a hit? Well, that's another story.

Kim Graham, 13, daughter of Mr. and Mrs. Gary Graham, 389 Northridge Road, injured her left leg at the Fairgrounds.

Kimberly Swackhammer, 2½, daughter of Mr. and Mrs. Dale Swackhammer, 465 E. Main St., was treated for burns on her left arm.

Two leave next of kin in Cincinnati—Army Spec. 4 Leo E. Hinterlong, son of Mr. and Mrs. James J. Hinterlong, and Spec. 5 John L. Dodson, husband of Mrs. Doris Dodson.

The others were Army Pfc. Clifford L. Carpenter, son of Mr. and Mrs. Merle Carpenter, Hartsville, and Navy Hospitalman 3C Mark V. Dennis, son of Mr. and Mrs. Charles R. Dennis, Miamisburg.

John Hitch, 10, son of Mrs. Rose Hitch, Route 1, was struck with a baseball.

J. B. Bryan, 37, Columbus, received treatment after he injured his left forearm.

WASHINGTON (AP) — Three Ohio men in the Army and one in the Navy are on the latest list of U. S. servicemen killed in Viet Nam combat.

Rodney Wolfe, 9, son of Mrs. Rose Wolfe, 560 Plaza Drive, was struck with a baseball on the left side of his face.

Gloria Crawford, 5, daughter of Mr. and Mrs. Richard Crawford, 503 E. Mound St., was treated after she fell off her bicycle and injured her right wrist.

The five fought their way through flames to rescue Artry.

Merrill Lee Sears, 24, Jackson, a telephone lineman, received the medal and the cash award for saving Gerald D. Bailey, 20, another lineman, from death by electric shock in Columbus June 8, 1965.

Bailey had been working atop

Jack Hamilton, 66, Route 1, Kingston, was treated after he fell at home.

Frank Michalak 36, Columbus, lacerated his left forearm at work.

The others were Army Pfc. Clifford L. Carpenter, son of Mr. and Mrs. Merle Carpenter, Hartsville, and Navy Hospitalman 3C Mark V. Dennis, son of Mr. and Mrs. Charles R. Dennis, Miamisburg.

Non-Vehicle Injury List Heavy Here

An assortment of non-vehicle accident injuries was treated Monday at Berger Hospital's Emergency Room. All 11 persons listed were released following treatment.

James Cottrell, 18, Kingston, injured his right hand at work.

Sherry Baehr, 15, daughter of Mr. and Mrs. Thomas Baehr, Route 4, injured her left knee at home.

Daniel Estell, 33, of 127 Park Place, was treated when he injured his left leg while mowing the lawn.

Kim Graham, 13, daughter of Mr. and Mrs. Gary Graham, 389 Northridge Road, injured her left leg at the Fairgrounds.

Kimberly Swackhammer, 2½, daughter of Mr. and Mrs. Dale Swackhammer, 465 E. Main St., was treated for burns on her left arm.

John Hitch, 10, son of Mrs. Rose Hitch, Route 1, was struck with a baseball.

J. B. Bryan, 37, Columbus, received treatment after he injured his left forearm.

Rodney Wolfe, 9, son of Mrs. Rose Wolfe, 560 Plaza Drive, was struck with a baseball on the left side of his face.

The awards in the Athens case went to Durwood L. Lewis, 18, Rt. 2, Morrow, Ohio; Ronald E. Ziegler, 21, Athens; Richard E. Barr, 24, St. Clairsville; Edwin D. Walford, 21, Bridgeport, and Dr. E. Dale Mattmiller, 39, Athens.

All figured in the rescue of James T. Artry who suffered burns and other injuries but recovered after his plane crashed and burned at the Ohio University Airport.

The five fought their way through flames to rescue Artry.

Merrill Lee Sears, 24, Jackson, a telephone lineman, received the medal and the cash award for saving Jerald D. Bailey, 20, another lineman, from death by electric shock in Columbus June 8, 1965.

Bailey had been working atop

a pole when his head came in contact with a high voltage line and he lost consciousness. Sears, who was working lower on the pole, climbed to the rescue despite the danger of the wire. Bailey was hospitalized but later recovered.

Michael Victory Ulrich, 15, North Royalton, received the medal and cash for helping to rescue Morris R. Baetzold, 15, from a cave at Hinckley, Oct. 6, 1965.

While exploring a cave, Baetzold became wedged in a crevice and all early attempts to rescue him failed. Baetzold found himself trapped for about 24 hours until Ulrich arrived and after much difficulty and three trips into the cave, he managed to get a rope around Baetzold's chest and helped raise him to the surface.

4 Ohio GIs Die In Viet Action

WASHINGTON (AP) — Three Ohio men in the Army and one in the Navy are on the latest list of U. S. servicemen killed in Viet Nam combat.

Two leave next of kin in Cincinnati—Army Spec. 4 Leo E. Hinterlong, son of Mr. and Mrs. James J. Hinterlong, and Spec. 5 John L. Dodson, husband of Mrs. Doris Dodson.

The others were Army Pfc. Clifford L. Carpenter, son of Mr. and Mrs. Merle Carpenter, Hartsville, and Navy Hospitalman 3.C Mark V. Dennis, son of Mr. and Mrs. Charles R. Dennis, Miami.

Mr. and Mrs. Koch Resign Posts at Children's Home

Mr. and Mrs. Winfield Koch superintendent and matron at the Pickaway County Children's Home, have announced they will resign their respective posts.

Members of the Pickaway County Child Welfare Board were notified today by letter. The double resignation will become effective Nov. 15.

Mr. and Mrs. Koch have served as County Home heads since Sept. 1, 1946.

The Kochs said they feel it is time they returned to their own private life and other interests after serving 20 years in the local child welfare program.

They also extended an invitation to all citizens to visit the Children's Home at anytime until Sept. 1.

Shepler, child welfare board chairman, expressed their appreciation to the board, juvenile judge, commissioners and the many civic organizations, churches, merchants and individuals for their abundant efforts to help children at the home.

They also extended an invitation to all citizens to visit the Children's Home at anytime until Sept. 1.
